

TED RUSSELL and several other members of the Hamlin Lions Club, following the tests conducted at the Tuesday luncheon meeting of the civic club, asked about how members of the Rotary Club fared at a similar test conducted several days ago.

When informed that the self-admitted "younger men" of the Lions Club did much better than the "old men" of the Rotary Club, Russell proposed that the Rotarian motorists be barred from using the highways for their driving on account of the apparent dangers of the decrepit drivers.

"Oh, they might be permitted to drive during mid-day on the farm-to-market routes," Russell relented.

Incidentally, Harold Williams, teacher at Hamlin High School, who sponsored the drivers' test, declared that Russell reacted to the braking test with the average 40-year-old driver's rating.

WRITER of the Over the Coffee Cup column of The Denver City Press makes these observations:

Every woman honestly believes she's not easily "taken in."

Contrary to her spouse's opinion, she is not a sucker for door-to-door salesmen! She may pay 50 cents for a celluloid comb that isn't fit to groom a fellow—but the poor old fellow did need the money.

And perhaps she selects a box of greeting cards she'd never glance at in a store—because the little girl who rang the doorbell had such serious brown eyes. But she's no sucker—she should see the things she doesn't buy!

She's certain she drives a better bargain with the butcher than her spouse can; that she's never fooled by sleazy goods; that the yard man will take the job cheaper if she talks to him.

There's only one thing she's sure to fall for—and that's the contest with the grand prize!

THE BARBS COLUMN of The Fort Worth Press, by Hal Cochran, continues to be one of our favorite pieces of literature. Here is another recent batch of his quips:

Now maybe we can have our nights, since mosquitoes have finished having their days this year. Smart people don't worry, says a psychologist. And smarter ones don't worry other people.

Knowing how to look bored ought to make it a lot easier to get into society.

A lecturer says we're going through a period of change. You'd be surprised how many new babies are born every day.

Lots of TV programs have ruined the old thought that "every picture tells a story."

A western man is going to marry a woman who hit him with her auto. That's a sneaky way to get even.

CHARLIE ROBERTS, long-time editor of The Andrews County News, found consolation in the climax of the political campaign recently. But he expressed some opinions about the results thusly:

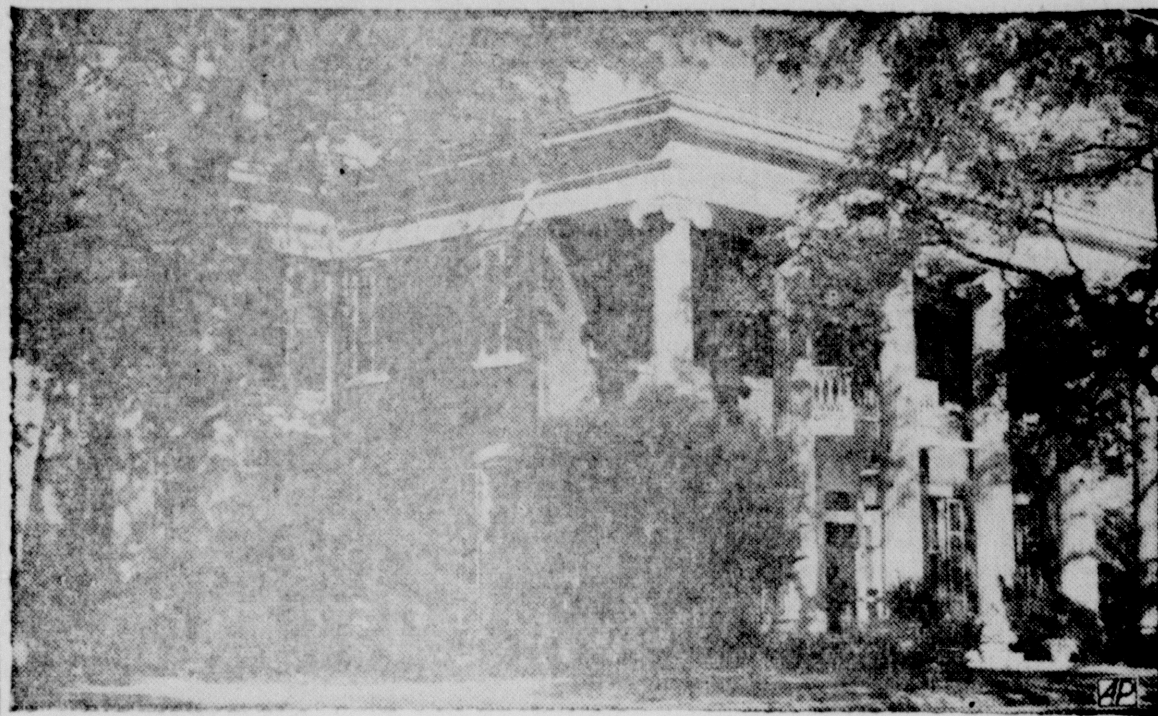

Now that the big election is over and we know who is going to occupy the White House for another four years, we are reminded of the words uttered recently by that Midland feller.

We doubt seriously that Ike will consult anyone in Andrews before making a major policy decision. Too, we doubt that anyone in Andrews will be contacted by anyone in the government about anything before it's done.

The closest contact we here in Andrews have with our federal government is when we mail in our income tax returns and we imagine that that's about all they are interested in—firstly, secondly and lastly.

And we doubt that the situation would have been any different had Adlai been elected.

MOST STREETS in our American cities run north and south, or east and west, and the dwellings are built to face them. Hygienists and exponents of vitamin D, the sunshine vitamin, say this was a boner in planning. Houses built to face northeast, southeast, southwest or northwest get some direct sunlight on all four sides some time during

GOVERNOR PEASE MANSION—Governor and Mrs. Allan Shivers announced in Austin they had purchased the 103-year-old historic house there known as the Governor Pease mansion. Shivers said some remodeling would be needed but the house would be preserved in as near its original state as practicable and that his family would take possession later the first of the year. The house was built in 1853-54 by Abner Cook, who also built the state mansion.

## Chamber of Commerce May Be Reorganized in City Soon

### Projects Demand United Action of Organization

Reorganization soon of the Hamlin Chamber of Commerce this week loomed as a possibility as civic groups and others pinpointed the need for reviving of the organization.

Interest was growing in the reorganization movement under the impetus given the plan by the recently formed Hamlin Planning Board. R. T. Spaulding, former long time Chamber of Commerce manager, and a member of the planning board, started the ball to rolling in reorganizing the CC when he had charge of the weekly program at the Hamlin Lions Club.

Spaulding pointed to several community projects that are now waning because no Chamber of Commerce exists to carry out the community action.

The Hamlin Planning Board, organized three weeks ago at the instigation of the City Council to assemble data and make suggestions for projects for city and community effort, no doubt will be the nucleus for a revived Chamber of Commerce. The board is composed of 10 men who were selected by the six members of the City Council as being representative citizens of the community.

L. V. Miller, owner of the new auto parts store, is being opened this week in the Bill Seals building, next door to the Book Shop, by L. V. Miller. He will handle a complete line of standard auto parts and accessories.

### L. V. Miller Opening Auto Supply Store

A new auto parts concern is being opened this week in the Bill Seals building, next door to the Book Shop, by L. V. Miller. He will handle a complete line of standard auto parts and accessories.

Miller has been connected with the automobile trade in Hamlin for many years. He formerly operated an auto parts store several years ago in Hamlin.

### Union Service Set For Thanksgiving By Minister Unit

Preliminary plans for a union Thanksgiving service, sponsored by the Hamlin Ministerial Alliance, were announced this week by officials of the group.

The service is scheduled at 7:00 p. m. Wednesday, November 21, at the First Methodist Church. Rev. Calvin Bailey, pastor of the First Baptist Church, will bring the message of the evening. Special music will be furnished by members of the choir of the First Methodist Church.

Pastors of the churches of the city will be ushers for the service, it is announced.

During the Thanksgiving service a special offering will be taken, as has been the custom of several recent years, for a community fund for transients who become stranded here or otherwise need financial assistance, say officials of the alliance. Administering the funds is a committee composed of Rev. Darris L. Egger, W. C. Russell and Clarence Bailey.

### Know Your America Week Set by Mayor

National "Know Your America" Week will be observed in Hamlin, it has been announced by Mayor O. D. Roland, who urges the cooperation of people of the city.

Observance of the week is from November 18 through November 24. Business firms are asked to display their flags in front of their places of business throughout the week.

BAPTIST CONVENTION OFFICERS—Rev. E. Hermond Westmoreland of Houston (right), elected president of the Rev. W. L. Shuttlesworth of Tyler (left), new second vice Baptist General Convention of Texas, is congratulated by president, and Rev. Carl E. Herford of Corpus Christi, new first vice president, as the convention closed its meeting in Corpus Christi. Westmoreland is pastor of Houston's South Main Baptist Church. Several people from Hamlin attended the Corpus Christi annual gathering.

# Difficulties Hubbed In Road Right-of-Way

## Forum on World Peace Set Sunday By Methodists

"What Can I Do for World Peace?" will be the subject of a forum Sunday evening at the First Methodist Church, announces the pastor, Rev. Darris L. Egger.

Rev. Weldon Crowley, youth director, is in charge and moderator of the program. The other three young people who will participate are Bach Sin (Joy) from North Korea, a freshman in McMurry College; Gladys Ponce from Lima, Peru; and Eddie Sequiera of Baghdad, Iraq, a junior at McMurry.

Miss Sin was found living in a small lean-to built by her own hands, and then liberated by the United Nations armies and taken to South Korea. An Abilene business man is sponsoring her in McMurry College.

Miss Ponce was led to the Christian faith by a former McMurry College student, now a missionary to Peru, Naomi Hare. Miss Ponce plans to go back to Peru and be a missionary among her own people.

These four nationalities will give their ideas of what can be done to help insure world peace. This program will be in observance of World Order Sunday, which was set Sunday, but was delayed until Sunday night in order that these students might come to the local church.

Rev. Egger says the entire community is invited and urged to attend this program.

### Third Sunday Singing Set at Dovie Church

Regular third Sunday singing will be held Sunday afternoon in the Dovie community church, five miles east of Hamlin on the Stamford highway, it is announced by community leaders.

Several visiting singers are expected for the songfest, which will get underway at 2:00 o'clock. The public is invited.

### Tate May Relected As Hendrick Trustee

Tate May, president of the Farmers & Merchants National Bank of Hamlin, Thursday was reelected a trustee of the Hendrick Memorial Hospital in Abilene, to serve for a three-year term. The action was taken on the final day of the Baptist General Convention of Texas' annual meeting at Corpus Christi.

Hendrick is one of the seven such hospitals owned and operated by the BGCT over Texas. Last year the hospitals cared for 92,365 patients at cost of some \$14,000,000. More than 5,000 of the patients were admitted free.

PRESIDENTIAL TWINS—Mr. and Mrs. W. F. Heffner of Corpus Christi beam proudly at their election day newcomers, twin Dwight Eisenhower (right) and Richard Nixon Heffner. The twins were born—and optimistically named—one hour before the polls closed on the presidential race.

## TB Christmas Seals Distributed in Area

This week several thousand people in Jones County are receiving an important and familiar envelope in the mail. In one corner is the double-barred cross of the National Tuberculosis Association, and inside are Christmas seals.

Mrs. W. L. Hunter Jr. of Hamlin, the county chairman for the annual Christmas seal sale of the

Jones County TB Association, reports that an effort has been made to include all of the residents in Jones County in this most important campaign.

Despite the work that has been done by the Jones County TB Association toward preventing tuberculosis in our county, two cases have been found in the past year.

Mrs. Hunter explained that 82 per cent of all funds collected from the sale of Christmas seals is used by the county organization for education, research and case finding in the continuing fight against tuberculosis. During the past year, 1,700 TB patch tests were given in Jones County public schools, and the 26 positive reactors were given further examination. X-rays were paid for by the association where parents of the children were unable to pay.

Free materials were circulated to all residents in regard to the patch tests, and the mass chest X-rays which were also sponsored by the Jones County association.

Further work was done in the education field by the annual awards given high school students in the county for the best essays written on the subject, "The Prevention of Tuberculosis."

Mrs. Hunter is joined by the officers and directors of the Jones County TB Association from all parts of Jones County in urging that you as citizens do your part toward stamping out tuberculosis by placing your contribution in the return envelope and mailing it today.

### Attendance at City's Sunday Schools Take Jump Over Nov. 4

Attendance totals at the Sunday Schools of the 12 reporting churches of the city Sunday was 128 more than the previous Sunday. The 1,258 total also was 58 more than the year-ago total.

Attendance totals by churches for November 11, November 4 and a year ago follow:

Churches—	Nov. 11	Nov. 4	Year Ago
Assembly of God.....	59	41	36
Calvary Baptist.....	41	48	46
Church of Christ.....	150	135	143
United Pentecostal.....	—	—	—
Faith Methodist.....	65	50	31
Foursquare Gospel.....	59	49	70
First Methodist.....	211	170	234
Ch. of Nazarene.....	84	75	103
Mexican Baptist.....	49	56	35
Oak Gr. Ch. Baptist.....	38	27	41
No. Cen. Baptist.....	69	63	36
First Baptist.....	385	370	393
Totals.....	1258	1130	1200

## Rerouting May Be Necessary for Wider Roadway

Plans for widening and improving state Highway 94 from Hamlin to Tuxedo, included in the 1957 program of the Texas Highway Commission, have run into some difficulties, it was revealed several days ago by members of the Jones County Commissioners Court, as they began preliminary checking of right-of-way requirements for the routing.

The widening project of the highway commission calls for a 120-foot right-of-way in order to meet federal and state requirements for the type highway planned for the 12-mile segment from Hamlin to Tuxedo.

The present right-of-way most of the distance east from Hamlin is bounded on the north by the Katy Railway, which precludes much expansion on the north side of the right-of-way.

A four-inch gas pipeline of the Lone Star Gas Company runs on the side side of the highway roadbed, which would be covered by the widened highway, and it is this situation that is causing apprehension of county right-of-way seekers. The Herald understands that the gas concern has asked indemnity of some \$254,000 for moving the high pressure line. No provision has been made for handling any such expenditure in connection with securing of right-of-way.

The highway committee of the recently formed Hamlin Planning Board is working with the Commissioners Court and highway officials in endeavoring to work out a solution of the problem.

It has been suggested that the highway be relocated on the north side of the Katy Railway, requiring the purchase of the entire right-of-way. This matter is being considered.

VISITS FROM LUBBOCK. Mrs. Carl Rister of Lubbock is here visiting with her mother, Mrs. M. P. May, and other relatives and friends.

## Who's New This Week

Seven new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. One girl and six boys, they are:

A girl for Mr. and Mrs. Billy Early of Hamlin arrived November 6 at 1:30 p. m. Weighing a light five pounds six ounces, the little miss has been named Donna Gail.

A boy for Mr. and Mrs. Rex Mauldin of Aspermont was born November 7 at 5:40 a. m. He will answer to Gary Rex. He tipped the scales at seven pounds one ounce on arrival.

A boy for Mr. and Mrs. U. L. McPherson of Hamlin was born November 7 at 9:12 p. m. After balancing the scales at five pounds seven ounces, he accepted the name Frank.

A boy for Mr. and Mrs. James Willis of Hamlin was checked in November 9 at 12:05 a. m. His birth weight was seven pounds 13 ounces. He has been named Daniel Eugene.

A boy for Mr. and Mrs. W. D. Lackey of Aspermont arrived at 11:35 a. m. November 10. Weighing seven pounds 12 ounces, he said Ronald Eugene would suit him for a name.

A boy was born to Mr. and Mrs. Thomas Darrell Greenway of Hamlin November 10 at 4:34 a. m. After having his weight tabbed at seven pounds seven ounces, the name Norman Keith was hung on young Mr. Greenway.

A boy for Mr. and Mrs. Jimmy Lee Joiner was heralded November 9 at 6:05 p. m. Weighing eight pounds, he has been named Ronald Dale.

## COULD IT BE THAT SOVIET POWER IS EBBING?

For some time the editor of The Herald has been watching with interest an apparent ebbing of the Soviet power. A big Eastern daily newspaper has recently expressed some of the same opinions we had been forming.

Once when the troops of the czar had spread far across Europe in the post-Napoleonic era the French statesman Talleyrand is quoted as having said, "The Russian tide is at its full, the Russian moon will draw it back."

Whether under hereditary monarchs or Communist leaders, the Russians as a people have heroically defended their own homeland but have seldom been interested for long in going far afield to dominate other nationalities. This characteristic may be a background factor in the surprising retreat Moscow appears to be making from its positions of military control in Hungary and Poland.

A few weeks ago it would have seemed incredible that nationalist Communist officials in those satellite states would promise to work for early withdrawal of Soviet garrisons or military missions from their soil, yet this pledge has been made by Premiers Nagy and Gombulka.

In Hungary's case there is doubt whether when this concession and dissolution of the hated security police will satisfy the anti-Communist rebels, outraged by years of cruelty and now by shootings of unarmed demonstrators. The rebel command makes two additional significant demands. One is free elections open to all parties; the other is withdrawal from the Warsaw alliance with the Soviet Union.

The demand for open and free elections is as reasonable on their part as it long has been on the part of the Western Big Three nations in behalf of East Germany. To begin the crumbling of the Warsaw pact system would be startling indeed.

Yet the surprising lengths to which events have gone in Hungary, not to mention the comparatively bloodless coup in Poland, illustrate one point very vividly: The Soviet masters cannot depend on the allegiance of satellite armies. In Poland the loyalty of the Polish troops was visibly with their countrymen. In Hungary whole units as well as individual soldiers have gone over to the revolt.

Even granting that a recession has taken place from the hard-fisted days and ways of Joseph Stalin, would the Khrushchev-Bulgarian "collective leadership" in Moscow have accepted such setbacks as they have if there were not something worrisome and unpredictable about the situation from a Communist point of view in the Soviet Union?

The morale of the Russian soldier on occupation duty among a resentful people is different from that of the soldier defending his homeland at Stalingrad or Smolensk. To call on the Russian villages to give more of their sons to the army and Soviet cities to go on doing without meat or milk and decent housing for purposes of maintaining a Communist imperialism may be just more than even a dictatorship can expect to carry off under the head of "peaceful coexistence."

At any rate, events and developments are pointing to an ebb in Soviet power.

## Freedom to Take Risks

The United States holds unchallenged leadership of the world's oil industry. "Why?"

One answer, of course, is that we were blessed by nature with vast underground resources of this black gold. But that is far from a complete answer. The head of an American oil company points out that oil was discovered at about the same time in both the United States and Russia. Russia also has an abundance of oil underground. Yet to date U. S. oil production has exceeded Russian production by the incredible figure of some 44,000,000,000 (yes, billion) barrels.

One reason for that, he went on, is that government monopolies such as Russia has long had, just won't take the risks that American oil men working under our free enterprise regard as routine. He used the state of Oregon, where he was speaking, as an example: Nearly 200 dry wells have been drilled there. Oil has not yet been found. Maybe it will be in the future and maybe it won't be. But the American oil men will keep on trying, just as they keep on trying all over this and other countries.

To quote the oil official once more, "If it were not for democratic form of government and our private enterprise system we could not have this important freedom to take business risks and our economy would stagnate. Natural resources are vitally important, but they are of little value unless there is a climate of freedom that encourages their wise development. That goes for oil and everything else."

## The Art of Living

The people who really know how to live are those who can get enjoyment out of the little things along the way.

Let two men walk down the same road each day, and one will complain endlessly of the chore. The other will watch the seasons change, the comings and goings of the birds, and the cloud effects; he will soon have a friendly acquaintance with these things along the way.

It is not what we do in life, but how we do it. It is not what there is to see, but how we react to what we observe. Money or the lack of it will affect happiness but little, for we will get out of life just what we put into it.

## Work Is Fun

It has been written that we, at best, have only a few days to pass going through this life. Then why not be pleasant?

In the great edifice of humanity, in the toil and turmoil of building the race, it is given to no man to look at the plan the Almighty has traced upon the trestleboard.

The solution of the labor problem lies in the ability to solve the riddle of how "work" may be made "play." Every factory, mill, office, farm, store, mine and railroad in the world is crying out for fit, capable, enthusiastic hands who will attack work in the spirit of play.

## Editorial of the Week

### A SECRET DEPRESSION.

If we are going through a terrific depression right now, my first reaction is: Let's have bigger and bigger depressions. For I am very fond of this one. I like a depression in which the average citizen has more money in his pocket than he ever had in his life.

Of course, there are exceptions. Some farmers have had to tighten their belts—but, in most cases, they were wearing longer belts than they had worn for many years in the past. Some small retailers have been having kind of a rough time—but, throughout history there have always been some who couldn't keep up with the Joneses. Even some sections of the country are experiencing a fall-off in prosperity due to local problems, for which remedies are needed. But, in general, as we look at the overall picture of our nation's economy, I don't know of any period in history in which we have had such a lovely depression.

Some days I can be a prophet of gloom myself. Instead of looking at figures on our national income, I can turn to the figures on our national debt. Instead of looking at the high employment figures, I can become saddened by the fact that a million and a half Americans are out of work.

But, today, I think it is pretty nice to be an American, and I think most of my fellow citizens will agree that this is by far the most enjoyable depression we have ever had. I like the secret kind of depression, the kind we don't know about when it is going on!

## RECALLING Other Years

Being news items taken from old files of Your Home Town Newspaper, The Herald.

### TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated November 13, 1936:

Rev. H. W. Hanks has been appointed pastor of the Hamlin Methodist Church to succeed Rev. Hugh A. Longino. Rev. Hanks is from Paducah. Rev. Longino is going to the Munday church.

Stanford High School's Bulldogs defeated the Pied Pipers in a football game Friday night to the tune of 39 to 0. So far the Pipers have tied Munday 6 to 6, beat Rule 24 to 0, lost to Aspermont 6 to 0.

Mr. and Mrs. L. C. Denton of the Flat Top community are announcing the birth of a new daughter Monday. She has been named Ethyle Sue.

W. E. Dunnam's Helpy-Selfy Grocery advertises the following prices: T-bone steak, 15 cents per pound; bananas, one cent each; two-pound can Folger's coffee, 59 cents; sugar, 10 pounds, 49 cents.

Hamlin Cotton Oil Mill advertises it will give 7,756 pounds of hulls for one ton of cottonseed.

Henry Fonda and Pat Patterson are featured in "The Spendthrift" at the Ferguson Theater. Mr. and Mrs. Tom McAllister spent the week-end at Dallas and at the Centennial.

### TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 15, 1946:

Last week Mr. and Mrs. E. W. Cox of Haskell assumed management of the Hamlin Locker Plant. Mrs. Cox is a daughter of C. E. Phelps, owner of the plant. Mr. Cox has recently been discharged from three and one-half years of service in the Navy.

Most all the stores of Hamlin will observe Monday, November 12, as a holiday since Armistice Day, November 11, falls on Sunday.

Mr. and Mrs. T. R. Tegart spent the week-end at Slaton visiting Mr. and Mrs. Lloyd Madden.

Coltharp's Food Store advertises the following prices: Hamburger, 25 cents per pound; potatoes, 10 pounds for 45 cents.

Bertie Ruth Maynard, daughter of Mr. and Mrs. A. B. Maynard, and J. W. Perryman Jr., son of Mr. and Mrs. J. W. Perryman, were married Sunday afternoon at the First Baptist Church.

Archie Jones of Fort Worth was here this week to visit his mother, Mrs. M. S. Joones, and his sister, Mrs. Jay Fitzgerald. Archie has purchased a business in Cleburne.

### FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated November 16, 1951:

Lightest vote in many years was cast in the election Tuesday at Hamlin in which four of the five amendments were defeated. Hiring a county trapper for the county also was defeated by voters of the county.

Mrs. Ed B. Beck, 72-year-old Sylvester woman, killed a big rattlesnake on her porch last week with boiling water and lye.

Cotton prices went to 42 cents this week in Hamlin. This was a near record price, cotton men declaring that only in 1919, when the price went to 45 cents, had the market been better in their memory.

Hamlin High School's Capella Choir, under the direction of Walter B. Chalcraft, has been entertaining groups all over the area in recent weeks. The group sang at the Rotary Club Wednesday.

### ONE YEAR AGO.

News items of interest in the Hamlin community one year ago included the following, reprinted from the issue of The Hamlin Herald dated November 18, 1955:

A union Thanksgiving service, in which practically all churches of the city will participate, is being planned for next Wednesday evening at the First Methodist Church. The service is being sponsored by the Hamlin Ministerial Alliance.

Hamlin High School's Future Farmers of America judging teams came away with top honors from the district contests held last Wednesday at Stamford.

Toughest game of the Pied Pipers season is scheduled Friday night at Pied stadium, when the Bulldogs meet the Stamford Bulldogs.

## Automatic Answering Set Put on Duty In Hamlin Telephone Business Office

If you've called the telephone business office lately during Mrs. J. D. Cochran's lunch hour, you talked with her new office partner.

No, it's not another person working in the telephone office. It's an automatic answering set that has been installed and is operated during the business hours when Mrs. Cochran must be out of the office.

"You might say the telephone company is practicing what it preaches by installing the automatic answering set in the office here," Manager George Beard of Southwestern Bell said.

"We're enthusiastically recommending these answering sets for local business customers who can't have someone at the telephone all the time," he continued. "So, it's only logical that we use the service in our own office."

He pointed out that the automatic answering set and the speaker-phone are two of the newest types of telephone equipment developed by telephone scientists to provide more efficient service to the customers.

You can place a message on the automatic answering set just by talking into the telephone it is attached to. In this way, callers can be notified you are out of

the office and when you will return, along with any other special message you may wish to use. At the same time, the set can be used to take messages from callers and then you can play this back when you return to the office.

The speaker-phone is a special telephone instrument that enables you to carry on a conversation without removing the receiver from the hook. In this way you can continue your telephone conversation while using your hands to shuffle papers, write notes or even while walking around the room. And, it can also be used for conferences when several people at a table can all participate in the same telephone conversation.

Speaker-telephones also work as regular telephone instruments should you wish privacy in your conversation.

"Both the automatic answering set and speaker-phone have been proving very popular with businessmen," Beard said. "We think they also would meet many people's home needs."

"For example, with a speaker-phone the wife could visit by telephone with her friends all morning while doing her work in the kitchen," he added. "Or you could use an automatic answering set

at home to tell callers where you were when the entire family is going to be out for the evening."

"Just think what that would mean to your teen-age daughter," Beard said with a smile. "Then, she could go visit Aunt Mary with the family, secure in the knowledge that when her boy friend called, he'd know how to get in touch with her."

He said the telephone people believe these two devices are real communications advancements.

but that even more amazing things are ahead. The picture-phone that lets you see the person you are talking with has already been successfully demonstrated and will probably be in production in the not-too-distant future.

### DIMENSIONAL LIVING.

You can't control the length of your life, but you can control its width and depth.

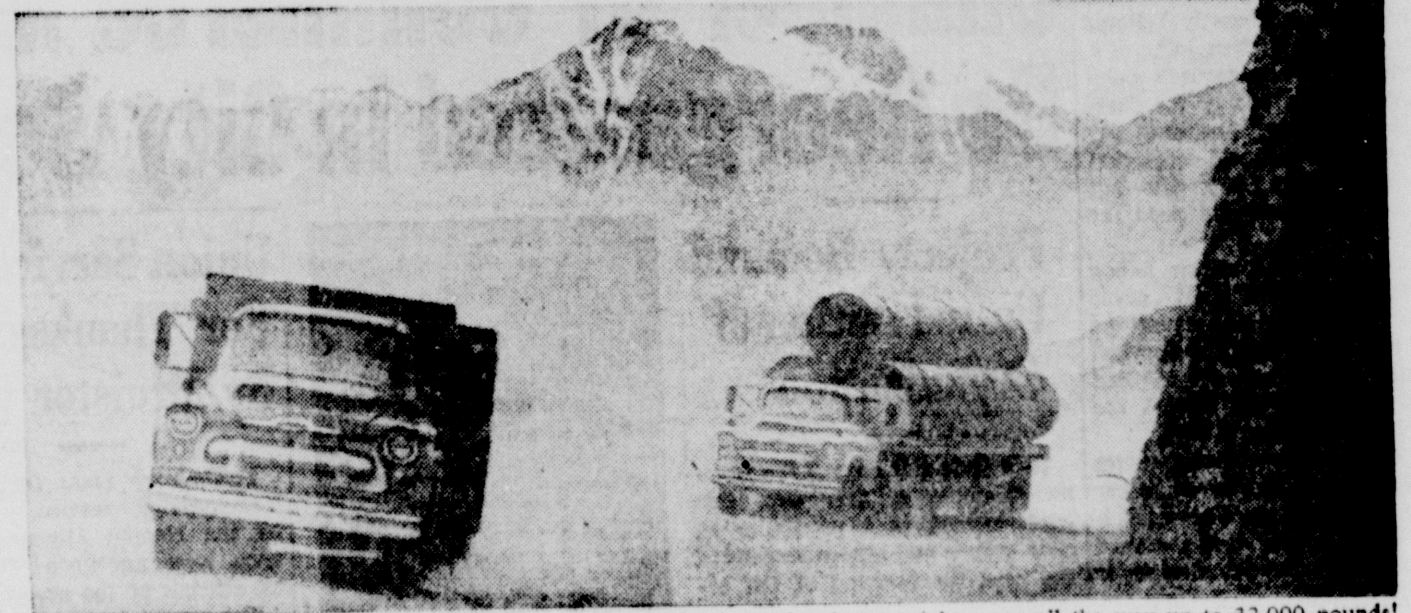

In Canada a gallon measures almost five quarts.

## New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Alcan run supervised, certified by the AAA.

Proved on the Alcan Highway  
Champs of every weight class!

## Lions Take Driver Tests at Tuesday Luncheon Session

Members of the Hamlin Lions Club discovered by technical tests how they rank as automobile drivers when they participated in a drivers' test program at their Tuesday noon luncheon in the oil mill guest house.

Sponsored by Harold Williams, instructor of a driver's education program at Hamlin High School, the tests were made by four high school students, Alvin Jordan, Pat Brown, Shirley Griffin and George Jenkins.

The tests were made with equipment used at the school in testing visual acuity, color recognition depth perception, field of vision and reaction time. Members of the club were asked to take the tests, and were rated on sheets supplied by the school.

Williams declared that the tests are being offered as a course at school for students who are given one-half credit toward graduation for completion of the course. The test equipment cost the school about \$600, Williams said.

In the reaction tests, some typical ratings (in tenths of second, which would show how many feet necessary to stop a car going at 40 miles per hour) were: Arlie Cassle, 44; E. A. Hewett, 33; Elbert Sipes, 45; Ted Russell, 40; Stanley Carmichael, 33; Joe Culbertson, 60; J. W. McCrary, 35; and Andy Anderson, 35.

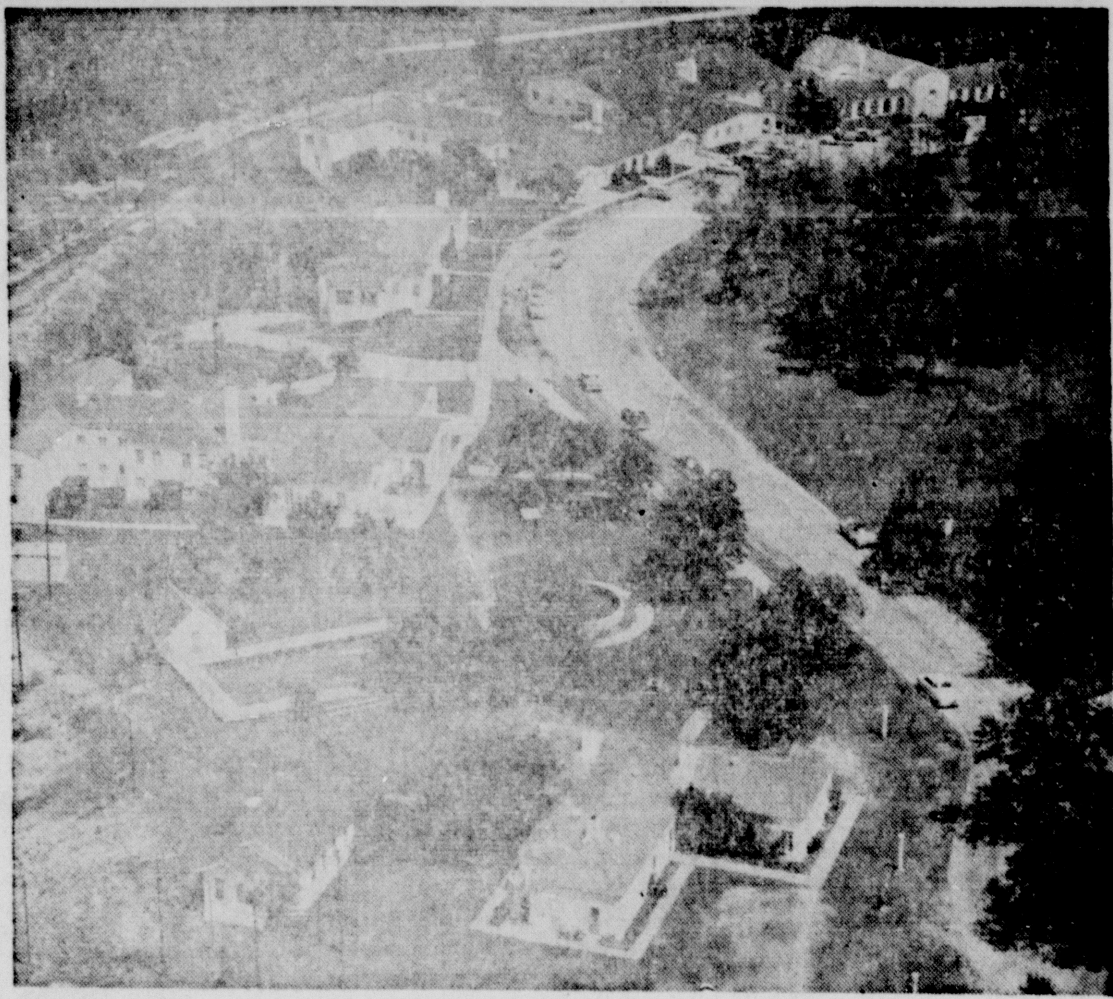

Third Vice President Jim Howard King was in the president's chair in the absence of the proxy and first vice president.

### COOL WEATHER LUNCHEONS.

In cold weather be certain to include either hot soup or stew and coffee or cocoa in a thermos bottle. Sandwiches can be varied greatly from day to day with fillings of meat, cheese, eggs, fish, peanut butter or combinations of vegetables. Breads, too, can be different, such as white, whole wheat, rye or buns. Dress up these sandwiches with a garnish of raw carrot slices, celery, pickles or tomatoes.

### LEARNING TWO WAYS.

Every man has two educations—that which is given to him, and that which he gives to himself. What we are merely taught seldom nourishes the mind like that which we teach ourselves.—Voltaire.

**FOR THE RELIEF OF CRIPPLES**—Nestled in a picturesque setting near historic Gonzales, Texas, the Warm Springs Foundation—built by and for Texans—endeavors to create a pleasant, home-like atmosphere for its polio patients. Each year hundreds of victims of all types of handicapping diseases and accident benefit from the comprehensive program of physical medicine and rehabilitation at this non-profit, non-sectarian hospital.

### TODAY'S REASONING.

"And in conclusion, my dear students, I shall give you a demonstration of the evils of alcohol," declared the professor. "I have two glasses, one filled with water, the other with whiskey. I will now place a worm in each glass. Notice how the worm in the water squirms and vibrates with the very spark of life, while the worm in the whiskey writhes in agony, curls up and dies. Now, young man, what is the moral of this story?"

Young Man—"If you don't want worms, drink whiskey."

### GETTING CROWDED.

The rider of a bronc at the rodeo was having a pretty tough time of it hanging onto the bucking steed. The animal, while tossing himself about wildly, happened to catch his foot in a stirrup.

The rider was heard to mutter, "Look, fella, if you're gettin' on, I'm gettin' off."

Thought is the seed of action, but action is as much its second form as thought is its first.—Emerson.

## Baptist Church at Elmdale Winner of Achievement Award

Elmdale Baptist Church, six miles from Abilene, has been named winner of the District 17 Town and Country achievement award sponsored by the Baptist General Convention of Texas, Rev. L. L. Trott, district missions secretary, said this week.

The same church only recently won the Town and Country Award for the Sweetwater Baptist Association. The district includes an 11-county area extending from Rotan and Roscoe on the west to Ranger on the east and from Haskell on the north past Sweetwater Abilene and Eastland on the south.

One of the judges' main considerations in making the award was the Elmdale Church's influence in community affairs, Trott said.

Members of the congregation not only sponsor an Explorer Boy Scout unit, but also urge cooperation in the local school and Parent-Teacher Association, encourage

### DARE MIGHTY THINGS.

Far better it is to dare mighty things, to win glorious triumphs, even though checkered by failure, than to take rank with those poor spirits who neither enjoy much nor suffer much, because they live in the gray twilight that knows not victory nor defeat.—Theodore Roosevelt.

### ACCOMPLISHMENT.

The sad old tycoon came out of his club, hailed a taxi, and got in slowly and carefully.

The driver asked respectfully: "Where to, sir?"

"Drive off a cliff," said the old man. "I've decided to commit suicide."

### ABSTRACT BUT REAL.

Happiness is like time and space—we make and measure it ourselves; it is a fancy—as big, as little, as you please; just a thing of contrasts and comparisons.—George Louis Palmella.

pride in the appearance of community homes, study soil conservation methods and work toward home mission projects.

## VETERAN QUESTIONS

The questions and answers below about veteran problems are carried as a service to present and former service connected personnel by The Herald. Material for this column is supplied by the area office of the Veterans Administration at Lubbock.

**Question.**—I am a veteran with a total and permanent non-service connected disability. I waited several months before applying for disability pension payments. Is it possible for the payments to be back-dated to the date I incurred my disability?

**Answer.**—Under VA's regulations, the effective date that payments may begin is the date VA received the claim or the date the disability arose—whichever is later. In your case, the date of VA's receipt of the claim would be later.

**Q.**—Premiums on my World War II GI term insurance policy are under waiver because I have been totally disabled for more than six months. May I convert my term policy to a permanent plan, even though I am totally disabled?

**A.**—You may convert your term policy to any permanent plan other than an endowment. Also, you will not be required to take a physical examination.

**Q.**—I want to take a course under the Korean GI bill that is commonly considered recreational in nature. In my case, I need it in connection with the business I plan to enter. Will I be allowed to take it?

**A.**—Yes, if you submit justification to VA that the course will be of bona fide use in your present or contemplated business or occupation, and VA approves the case in advance. The only courses absolutely prohibited by law are in bartending, dancing or personal development.

**Q.**—My son is eligible for schooling under the new educational

**TAKES JET PLANE RIDE**—Mrs. Margaret Vincent, widow of Brigadier General Clinton D. Vincent, in whose name the Air Force Base at Yuma, Arizona, was dedicated, describes her feeling after her first jet plane ride at 450 miles per hour. With her is Colonel Robert P. Baldwin, commander of the 4750th Air Defense Group, who piloted the plane. Mrs. Vincent, who lives at San Antonio, flew to Yuma with her four children to take part in the dedication ceremony.

program for children of deceased war veterans. His college begins early in September. Will he be able to receive payments from his first day in school?

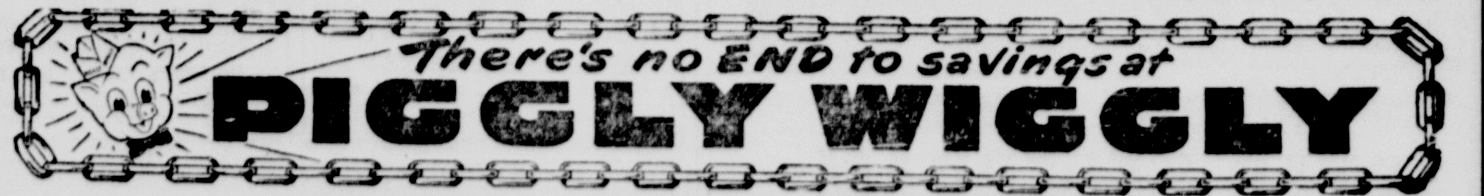

**A.**—The law specifies that payments may not be made before October 1, 1956.

**DUNCAN GIRL TO CLINIC.**—Mr. and Mrs. Edgar Duncan Tuesday took their daughter, Connie Jo, to Oklahoma City, where she was to go through a special allergy treating clinic. Connie Jo has been suffering from an allergy that has affected her breathing, the Duncans declared.

## The Most Sweeping Change OF ALL!

In NEW YORK—People going places are going Pontiac!

## Pontiac Has It—in the Surprise Package of '57

Like surprises? You've got one coming in Pontiac for '57! It's completely new... from power to personality... so advanced it's handed the industry a whole fresh set of styling and engineering ideas!

Here's where you'll find all the big-time changes in looks, ride, handling, performance. There's an exciting new expression of vigor, alertness and luxury in styling. There's a new ease and confidence at the wheel as you pilot the greatest V-8 ever developed—a power plant that tops even last year's Strato-Streak which set 50 world records and bested all eights in miles per gallon!

And to prove it all, every feature of this great newcomer has been refined and perfected in the world's most exhausting road test—Pontiac's grueling 100,000-Mile Marathon Run!

No wonder they're calling Pontiac the Surprise Package of the Year! Come in and drive it. You'll know in a single mile that it's America's No. 1 Road Car!

### OVER 6 DOZEN "FIRSTS" INCLUDING...

**Star Flight Body Design**—a Pontiac Exclusive—longer and lower than ever before—'57's most distinctive styling.

**New Interior Styling**—the "Off-the-Shoulder" Look—a fashion "first" for '57—perfectly color-matched with the exterior.

**New Strato-Streak V-8 Engine**—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain when teamed with Strato-Flight Hydra-Matic, an extra-cost option.

**Cloud-Soft Level-Line Ride**—the ride sensation of the year—a new suspension system based on a big, road-hugging 124- or 122-inch wheelbase.

**Three Popular-Priced Series**—Star Chief • Super Chief • Chieftain

## The Herald's Page for Women

Members of the Bookkeeper's Club, Hamlin High School's library club, entertained the Anson Library Club and their sponsor, Mrs. Wortham Crow, Monday in the high school library.

### Bookkeeper's Club of High School Entertains Anson Library Club at Tea

Mrs. Earl Stagner of Stamford, who was recently elected Woman of the Year by the Stamford club, was guest speaker for the public relations program of the Business and Professional Women's Club Tuesday evening at the Primary School cafeteria.

The public relations committee consisted of Mrs. Terry Haught, May Gay and Florence Cowan. For entertainment a twirling act was rendered by Judy Harden, Renee Moore and Elizabeth Norton.

Following the program, gifts were presented to the guest speaker and the three senior girls who performed.

The two high ranking senior girls of Hamlin High School for the month were Janis Crowley and Elizabeth Norton.

Other guests at the meeting were Mrs. Ona High of Stamford, Mrs. Tom Teague, Mrs. Melvin Scott and Mrs. Tom Brady.

A Thanksgiving theme was carried out in the menu and table decorations.

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Rhena Sanderlin, medical, November 6; Mrs. Roy B. Hart of Aspermont, medical, November 6; Mrs. M. A. Mayfield of Stamford, medical, November 6; Mrs. Billy Early, ob., November 6; Aubrey Chandler of Roby, medical, November 6; Mrs. Jack Griffith of McCaulley, medical, November 6; Mrs. Rex Mauldin of Aspermont, ob., November 7; R. D. Harwell, medical, November 7; Fred Jackson, medical, November 7; Mrs. E. C. Smith of Sylvester, medical, November 7; Viola McPherson, ob., November 7; Sam Etheridge, surgery, November 8; Boyce Blankship, medical, November 8; Arlene Forbes of Longworth, medical, November 8; Mrs. Addie Gurley of Aspermont, medical, November 8; Mrs. T. A. Jean, medical, November 8; Mrs. James Willis, ob., November 8; Ethel Boivin of Sylvester, medical, November 9; Pamela Hood of Sylvester, medical, November 9; Mrs. I. M. Roberts of Sylvester, medical, November 9; I. M. Roberts of Sylvester, medical, November 9; Mrs. Jimmy Joiner, ob., November 9.

Patients Dismissed—Mrs. J. D. Maherry, November 6; Mrs. Clay Douglas of Aspermont, November 6; O. D. Gholson of Aspermont, November 6; C. D. Herron of Sylvester, November 6; Mrs. Willard Maherry, November 11; Mrs. C. J. Sewell, November 8; Mrs. Ivey Myers, November 8; Mrs. Herbert Crouch, November 6; Mrs. John Meyer of Jaxton, November 5; R. D. Rumfield, November 5; W. H. Davis, November 9; Floyd Winslett, November 10; Yolanda Orna, November 11; Rhena Sanderlin, November 10; Mrs. Roy B. Hart of Aspermont, November 7; Mrs. M. A. Mayfield of Stamford, November 8; Aretta Bell Bolden, November 11; Mrs. Billy Early, November 9; Aubrey Chandler of Roby, November 8; Mrs. Jack Griffith of McCaulley, November 10; Mrs. Rex Mauldin of Aspermont, November 10; Viola McPherson, November 9; Boyce Blankship, November 9; Mrs. Addie Gurley of Aspermont, November 12; Mrs. James Willis, November 10; Mrs. I. M. Roberts of Sylvester, November 11; Mrs. Dale Howard, November 11; Linda Colom of Aspermont, November 11.

Attending the gathering were Mr. and Mrs. Harold Lee and Ronny, Mrs. Clark, Mrs. Martin, Mrs. D. A. Mullings, Mr. and Mrs. J. R. Rhoton, Mrs. V. Madden, Mr. and Mrs. R. A. Cary, Sharon and Danny.

Next meeting of the group will be in the home of Mr. and Mrs. Harold Lee on December 4.

Guests were registered by Faye Server. Gene Steele opened the meeting with prayer.

President of the local club, Ginger Means, gave a welcome, and presented Mrs. Zelma Hulise, the Bookkeeper's Club sponsor, with a white chrysanthemum.

Hazel Crow had charge of the games, and introduced Mrs. Tate May, who gave an entertaining review of the book, "My Sky Is Blue" by Louisa Grace Erdman.

Bookkeeper's Club members present were Sarah Berry, Patricia Branson, Gene Steele, Faye Server, Ruby Campbell, Ginger Means, Joyce Hines, Barbara Butler, Ginger Rabjohn, Lupe Lujan, Alice Holden, Elizabeth Norton, Hazel Crow, Everett Gibson, Wynama Hayes and Delores Carter.

Faculty members present were Harold Williams and Mrs. Williams, Mrs. Joe Carter and Doyle Smith.

Mrs. Tate May reviewed the book, "Japan's New Baptists" as the program feature at the meeting last week of the Young Women's Auxiliary of the First Baptist Church, held in the home of Renee Moore.

A short business session was conducted, with the president, Gwendolyn Brown, presiding.

Renee Moore, program chairman, presented Mrs. May, who, besides her book review, displayed dolls, fans, shoes and many other items of interest from Japan.

Members present were Vemelle Johnson, Mary Ann Willbanks, Eva Wallace, Renee Moore, Gwendolyn Brown, Pauline Mayfield, Benita Smith, Gerry Rumfield, Gloria Rodriguez, Mrs. Tate May, a guest, Mrs. Kenneth Riddle, the counselor, and Miffie Ann Ray, a new member.

Bluebird Group Visits Telephone Company

Members of the staff of the Southwestern Bell Telephone Company of Hamlin were hosts to members of the Bluebird second grade Sunshiners last Wednesday at 3:15 p. m. The commercial, plant and traffic departments all took part in trying to make their trip educational as well as entertaining.

Sponsors were Mrs. Richard Young Jr., Mrs. Jack Wicker and Mrs. Charlotte Gabriel.

Bluebirds present were Lynn Brandon, Joy Bonds, Dee Cochran, Cherry Cox, Theresa Gabriel, Linda Goodwin, Margaret Johnson, Louise Lujan, Marilyn Monce, Vicki Newland, Jimmie Lee Reed, Sue Roddy, Suzanne Wicker, Belinda Woods and Jeannie Young.

Phillips Training Union Group Meets in R. A. Cary Home

Members of the Phillips Training Union of the North Central Avenue Baptist Church met in the home of Mr. and Mrs. R. A. Cary for their business and social session for the month Monday evening.

Song service was led by Mrs. Frank Martin, accompanied by Sharon Cary. Prayer was led by Mrs. Harold Lee. The devotional was brought by Mrs. J. R. Rhoton from Isaiah 40:31.

Attending the gathering were Mr. and Mrs. Harold Lee and Ronny, Mrs. Clark, Mrs. Martin, Mrs. D. A. Mullings, Mr. and Mrs. J. R. Rhoton, Mrs. V. Madden, Mr. and Mrs. R. A. Cary, Sharon and Danny.

Next meeting of the group will be in the home of Mr. and Mrs. Harold Lee on December 4.

### Stamford Woman of Year Speaker for B&PW Club Session

Olive McDougle of Stamford, who was recently elected Woman of the Year by the Stamford club, was guest speaker for the public relations program of the Business and Professional Women's Club Tuesday evening at the Primary School cafeteria.

The public relations committee consisted of Mrs. Terry Haught, May Gay and Florence Cowan. For entertainment a twirling act was rendered by Judy Harden, Renee Moore and Elizabeth Norton.

Following the program, gifts were presented to the guest speaker and the three senior girls who performed.

The two high ranking senior girls of Hamlin High School for the month were Janis Crowley and Elizabeth Norton.

Other guests at the meeting were Mrs. Ona High of Stamford, Mrs. Tom Teague, Mrs. Melvin Scott and Mrs. Tom Brady.

A Thanksgiving theme was carried out in the menu and table decorations.

### Many Thanksgiving Time Foods Are on November Surplus

Hamlin area housewives are advised that a bountiful Thanksgiving feast can easily be prepared from the U. S. Department of Agriculture's November plentiful foods list.

Supplies of turkeys, pork and potatoes are so large that USDA is urging the food trades to give extra emphasis to them.

Other meats, in addition to the Thanksgiving turkey, include beef, broilers and fryers as well as lamb and frozen haddock and ocean perch fillets.

Also on the plentiful list are eggs, milk and other dairy products, rice and peanut butter.

Fruits and vegetables include such holiday favorites as cranberries, pears, dates, potatoes, cauliflower, cabbage and pinto beans.

The plentiful foods list is based on a USDA survey of actual supplies available in the major trade areas of the state.

### Fried Foods, Properly Prepared, May Be Used Safely, Says Service Doctor

"May I let Tommy have French fries, doctor?" Tommy's mother asked timidly. She seemed to expect a lecture on the evils of fried food.

"Are you a good cook?" asked Dorothy V. Whipple, M. D., writing in AP Newsfeatures for The Herald, who continues:

She looked at me in great surprise. "Why, I suppose so," she said finally, "but why do you ask?"

"If you are a good cook, of course Tom can have French fries."

There is a great superstition about fried foods. Many people seem to think there is some special evil in the frying pan.

This is mostly superstition nowadays, but like many beliefs, it has a historical basis in fact.

A generation or more ago the custom in many households was to keep a can of drippings on the back of the coal stove. A ladleful of drippings was put in the frying pan whenever a food needed to be fried.

Small wonder the food so cooked got a bad reputation. The drippings were kept warm on the back of the stove, the can was seldom emptied and washed. More drippings were added every time grease needed to be poured off a food. The drippings became rancid. Rancid fat is quite indigestible. Food cooked in rancid fat is likely to cause digestive troubles. People said fried foods made them ill. No one seemed to realize that it was the rancid fat that caused the trouble.

Nowadays no one has a can of drippings on the back of the stove.

If you fry potatoes in fresh fat those potatoes are just as good for a child as a boiled or mashed potato to which you add a lump of butter.

Fresh fat means fat that is not rancid. You can use bacon grease quite safely. When you cook bacon pour the fat into a clean container. Keep it in the refrigerator until you want to use it. Next time you fry bacon use it.

a fresh clean container for the fat you pour off.

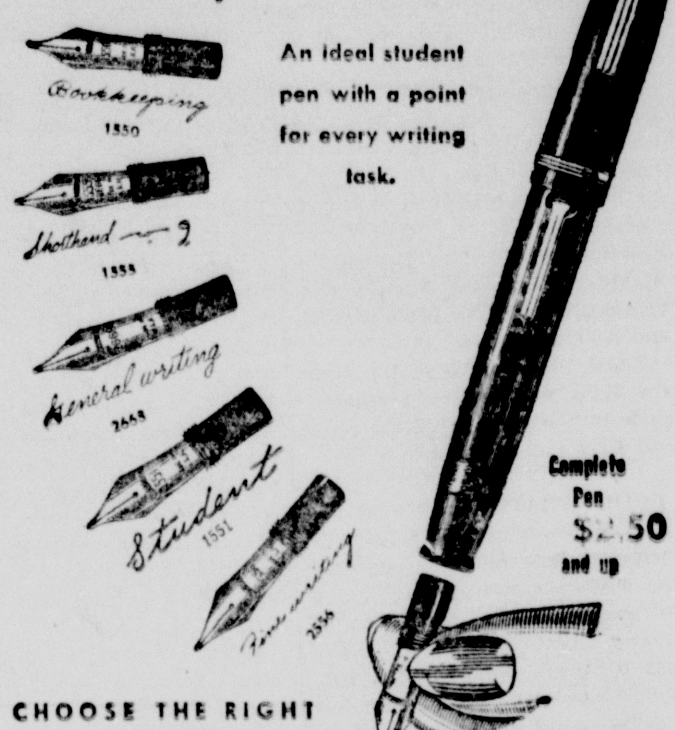

One more precaution when you fry foods: Do not let the grease smoke. If you forget the pan and the fire is too hot and it smokes, throw the fat away and start again. When fat smokes chemical changes take place in it similar to the changes that make it rancid.

So, if you are a good cook, and fry your foods well, there is no reason why you cannot give children, even as young as a year, fried foods—French fries, fried chicken, fried mush, French toast and all the multitude of tasty things most of us, children and adults alike, enjoy.

The Herald has rubber stamps.

## What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere. It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter. It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed. It's the freedom of choice. Colors? Fabrics? Accessories? Far more Ford gives you a choice of two new, bigger sizes... longer, lower, roomier. It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford. It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history. In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

"Six or V-8, the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

\*Included is a special 200-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivers up to 285 hp.

Wise man says: "Don't wait for TOMORROW when you can get it today!"

## IT'S THE LAW IN TEXAS

A Public Service Feature of the State Bar of Texas

### GENERAL REPORT AND YOU

Whether it's the nomination of a presidential candidate at one of the national political conventions, or the monthly meeting of your neighborhood P.T.A., a set of procedural rules compiled 80 years ago by an almost forgotten Army general usually has much to do with the way the business is conducted.

You have probably heard of "Robert's Rules of Order" which was published in 1876. General Henry M. Robert ordered only 4,000 of his original edition, but since that time almost 1,500,000 copies have been printed. The rules have been modernized from time to time, but the revisions have been slight.

Actually the rules for conducting a meeting go back to the early days of the English Parliament, although General Robert based his upon the rules and practice of the U. S. Congress.

Robert's rules come close to being "law of the land." They are given added legal status by the fact that the charter, constitution or by-laws of almost every organization you can name—your wife's literary society, your labor union or the corporation you work for (large or small)—ordinarily state somewhere that all meetings will be "conducted in accordance with Robert's Rules of Order."

Special rules may be made by any organization contrary to Robert's, but if such provisions are in the by-laws his little book—where incorporated in such by-laws—constitutes the "bible" to be followed.

All this means, in effect, that if a serious question arises over the legality of action taken by an organization, a court might have to consider General Robert's rules with the same care as it does the law to determine whether the action in question was proper.

If you take an active part in church, school, civic or fraternal organizations, some knowledge of Robert's rules is important. At your lodge meeting, for example, things go much smoother if both the chairman and the members on the floor follow Robert's stick to the business at hand. That way you will get home before the wee small hours, and still have time for some relaxation after the business session.

There are many simple guides to Robert that will help, and unless you are chairman of a large or important meeting it probably isn't necessary to know all the details in the whole book.

Now we move to adjourn until next week—a motion which General Robert says takes precedence over everything else.

## Estimated Four From County to Be In December Draft

An estimated four young men from Jones County will be drafted for military service during the month of December. The state draft quota for the month calls for 877 men, Colonel Morris S. Schwartz, state selective service director, said Tuesday.

The quota of 877 for Texas compares with a call of 858 for November, previously announced. The December quota is the biggest monthly call received in a year.

The December quota is the state's share of a national call of 17,000 men, all for the Army.

At the same time he announced the November induction quota, Colonel Schwartz also announced a December call on approximately half the state's local boards for 1,491 men to take pre-induction physical and mental examinations for future calls.

The December quota will be filled with men who are 22 years of age or older on December 1, with the exception of delinquents or volunteers who may be younger.

December inductions are scheduled December 1 through December 12, and pre-induction examinations are scheduled December 1 through December 21. Pre-induction examinees are returned home immediately after examinations.

### PRACTICAL THOUGHT.

The old lady looked dubiously at the man next to her on the bus as he started to load his pipe. Finally she ventured:

"Sir, tobacco smoke makes me ill."

"In that case," he replied, still filling his pipe, "if I were you, I would give it up."

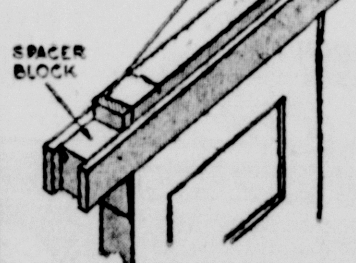

### How to Plane Top of Door

DOORS that scrape at the top or bottom are a nuisance. Planing down the high spots, of course, is the best cure.

A problem in connection with the planing operation, however, is the likelihood of splitting the wood when shaving across the end grain of the door stile. The jig described

HARDWOOD WEDGES FLUSH WITH DOOR

will prevent this. The illustration appeared in American Builder, the magazine published for professional builders.

Take two 1 x 4's about four feet long and nail two suitable spacer blocks between the two, leaving a space of about one inch between the door and the block at either end. Make two tapering wedges from a piece of hardwood, making them an inch thick at their widest point.

Place the jig over the end of the upright door and drive the wedges into position as shown. Now the plane may be run across the door in either direction without danger of splitting the wood.

ATTENTIVE AT HEARING—Assistant Attorney General Davis Grant (standing) listens with Elbert L. Morrow, another assistant (seated) and Judge Otis T. Dunagan as an attorney for the NACP asks a question of John H. Minton Jr., assistant attorney general, (left) during the reading of letters and documents during the hearing in District Court at Tyler.

## Wesleyan Service Guild Group Studies United Nations Topic

"The United Nations, a Good Trustee" was the timely topic for discussion when members of the Wesleyan Service Guild met

Monday evening at the First Methodist Church.

Opening prayer was led by Viola Avants. Mrs. Earl Brown led the discussion, assisted by Mrs. L. W. Shivers, Mrs. F. F. Shout and Georgia Moore. Miniature flags of the countries that are members of the United Nations made an interesting display.

Maggie Seymore presented the Bible study, "The Church."

A colorful poster depicting different types of churches was shown. Attending were Pearl Hudson, Mrs. Joe Stephens, Mrs. Shivers, Mrs. Shout, Lulan Vaughan, Oleta Avants, Mrs. Brown, Georgia Moore, Viola Avants and Maggie Seymore.

## Friends Class Holds Thanksgiving Dinner In Fellowship Hall

Members of the Friends Sunday School Class of the First Baptist Church met in the fellowship hall of the church last Thursday evening for their annual Thanksgiving dinner.

Opening prayer was led by Mrs. Jack Wright. Mrs. I. D. Miller gave the devotional on Thanksgiving.

The class president, Mrs. W. W. Fletcher, presided for a short business session. Mrs. Everett Gibson closed the session with prayer.

Attending the gathering were Mmes. Jack Wright, Ernest Lee, W. W. Fletcher, Bill Maynard, Walter Hargrove, Everett Gibson, Noel Weaver, Ben Parker and L. D. Miller. Hostesses were Mmes. A. Spencer, Clyde Grace and Bonnie Bingham.

### SOMETHING QUACKY.

A woman walked into a psychiatrist's office leading a small white duck by a chain. "What can I do for you, madam?" the psychiatrist asked. "Oh, it's not for me," said the woman. "It's my husband. He thinks he's a duck."

A calabash is a tropical tree used in making pipes.

## KNEW IT WAS LOST.

The father had taken his small son into the county fair. About the middle of the afternoon the boy came running up to his dad and said, "Hey, look, pop, I've found a knife."

"Gee," said the father, "that's a very expensive looking knife. Are you sure it was lost?"

"Sure, I'm sure," replied the youngster. "I saw the man looking for it."

## Dentist Talks to Fifth Graders at School

Last Thursday Dr. J. W. McCrary, Hamlin dentist, visited the third grade at Hamlin Elementary School and gave instructive lectures on the care of the teeth. He gave a demonstration on brushing the teeth and stressed the importance of proper food for the development of sound teeth.

## Pied Pipers Wind Up Football Season with Fair Average

### Half of Games Won, One Tied, Review Discloses

Hamlin High School's Pied Piper football squad, which wound up its 1956 season Friday night in the tilt with Anson, did not do so badly in the season just closed, a review of the season discloses.

With an average crew of boys to work with this season, Coaches Truman Nix, Jim Herridge and Harrell Blackburn have completed a season that displayed unusual fighting spirit and determination. Just some mighty tough competition has faced the Pipers the past season. Most local fans are in agreement that Hamlin should have won two more games than it did—the one against Rotan and the thriller-diller against the Merkel Badgers, but the breaks just did not fall right for the Pipers in those games.

The Six-men won five of their 10 games on the schedule, and tied one tilt for a season standing of 550 per cent. This is some better than the closing percentage of a year ago.

A review of the games of the year shows the following results:

Hamlin 34, Roby 6.  
Hamlin 18, Spur 12.  
Merkel 39, Hamlin 32.  
Hamlin 14, Rotan 14.  
Winters 28, Hamlin 13.  
Hamlin 31, Colorado City 0.  
Hamlin 31, Albany 13.  
Seymour 41, Hamlin 0.  
Stamford 26, Hamlin 6.  
Hamlin 7, Anson 0.

### UN IS EFFECTIVE.

The United Nations as it stands today represents the highest common factor of agreement that is possible among the nations. It is still evolving. The aspirations, the hopes, the standards of conduct set out in the charter correspond to what the world requires. Such an organization of universal character matches the needs of the twentieth century.

## Paul Bryan Lumber Co.

HAMLIN, TEXAS

### DISTRICT 4-AA STANDINGS

Hamlin's Pied Pipers wound up the grid season last week-end in the third slot in both the all-season and the conference standings. In fact the ratings, with only one more game on the menu for District 4-AA teams, will wind up in the same order.

Seymour is hoped to easily take Friday night's tilt at Seymour from the Anson Tigers.

After last week's games, the standings look like this:

All-Season Standings.					
Teams—	P.	W.	L.	T.	Pct.
Stamford	10	10	0	0	1.000
Seymour	9	7	2	0	.779
Hamlin	10	5	4	1	.550
Anson	9	3	6	0	.333

Conference Standings.					
Teams—	P.	W.	L.	T.	Pct.
Stamford	3	3	0	0	1.000
Seymour	2	1	1	0	.500
Hamlin	3	1	2	0	.333
Anson	2	2	0	0	.900

### Results Last Week.

Stamford 47, Seymour 0.

Hamlin 7, Anson 0.

Where They Play Friday.

Anson at Seymour.

Stamford and Hamlin: Season completed.

### Contract Let for New School Tennis Courts

Contract was let by the Hamlin Independent School District board of trustees for two new tennis courts, to be located at the high school between the new gymnasium and the vocational agriculture building, it was announced Wednesday by Superintendent of Schools C. P. Cook.

The steel reinforced concrete slabs for the two courts will be 110 by 86 feet.

Work on the courts, to be constructed by E. F. Faurey of Hamlin, is due to get underway next week.

Two tennis courts formerly were located on the present site of the new gymnasium.

### Annual Tussle With Anson Ends In 7 to 0 Victory

Annual grid battle of the Hamlin Pied Pipers and Anson Tigers was little different from previous tilts played by the two teams if fight and spizzierintum are to be considered.

The local gridders spoiled Anson's first annual homecoming last Friday night by drubbing the county seat boys to the tune of 7 to 0 in the Pipers' last conference encounter.

The touchdown of the game was racked up past the middle of the third quarter when Halfback Virgil Wilson went over from the four-yard spot as the climax of a 40-yard drive by the Pipers.

Murl Don Smith had set up the scoring drive by recovering an Anson fumble on the 40-yard line when Anson's Wayne Pelton had muffed the ball on the second play in the second half.

Through the efforts of Wilson, Smith, Herbert Lakey and Don Drummond in successive ground plays the ball was put in scoring territory. Then a nine-yard pass from Don Adair to Doug Ford made first down and set up the scoring pitch.

The Tigers threatened the Pied Pipers several times, with Jimmy Roberts, 155-pound halfback, hitting the Piper line for several nice gains.

Friday night's game left Hamlin in third position in the standings and put Anson in the District 4-AA cellar in both all-season and conference ratings.

### Football Films to Be Shown for Boosters

Two football films will be the feature attractions at a special meeting of the Hamlin Pied Piper Booster Club, scheduled Monday evening at 7:30 at the oil mill guest house, it is announced by booster club officials.

Members of the club and other men and boys of the community are invited to attend the session and see the film.

In addition, plans will be made at the session for backing the basketball teams of Hamlin High School, officials declare.

### STRICTLY BUSINESS

by McFeatters

"Seems mighty funny that just after I deposit my money I see the president's wife in a new mink coat!"

## TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—Now that he's working for the Republican national committee Henry Finch Holland, former Houston lawyer, considers himself a Republican.

But he says he was a "political independent" when he came to Washington two years ago at President Eisenhower's request to become one of the four assistant secretaries of state.

"Sure, I had voted on occasion for Democrats in Texas," the 43-year-old Brownsville native said, "but in my opinion that in itself doesn't make one a Democrat. I voted for President Eisenhower in 1952. That didn't make me a Republican."

But now that he is active in a partisan role—as foreign affairs advisor to the GOP national committee—he considers himself definitely a Republican.

Holland came to Washington as assistant secretary of state for inter-American affairs.

His new job is to see to it that November election campaigning directed by Chairman Leonard Hall of the Republican national committee is right down the line with the Eisenhower administration's policies where international matters are involved. He keeps in close personal touch with both the president and Secretary of State Dulles.

Holland went on to say in an interview that, having worked for the Eisenhower administration, he is "convinced it is in the best interest of the country" that Eisenhower be reelected. A few weeks ago he resigned his state department post to take his present position.

He feels that the foreign affairs issue probably will determine the outcome of the presidential election, and well may be the determining factor in many congressional races.

"Any man who serves with the Republican national committee as an advisor should be a Republican," he added. "So I now consider myself a Republican."

He was asked how he happened to be brought to Eisenhower's attention, since such jobs usually go to stalwart party members and he had described himself as an "independent" even when appointed to the state department post.

"That's a good question," he answered. "I don't know. I've often thought I'd ask someone myself, but I haven't."

In response to a question he said it wasn't Texas Republican

### Junior Gridders Lose Tilt to Anson After Winning Six in Row

The football crew of Hamlin Junior High School climaxed their season last Tuesday night at Anson with a loss to the junior Tigers after going all the rest of the season without a loss.

Anson's Cubs evened the score of the two teams' meeting by walloping the Hamlin Juniors by a 25 to 6 score. The defeat brought to an end a skein of six straight wins for the local club coached by Harry Martin.

Anson clearly dominated the first half, featuring a hard charging line that refused to give ground to the Hamlin lads.

The first Anson tally came on an intercepted pass. Anson did all of their scoring in the first half.

In the second half the Hamlin boys regained their balance and scored the only touchdown on a beautiful 65-yard run by Wesley Cummings.

If Hamlin gets by Rotan in its final game and Anson defeats Albany and Merkel, a play-off game will be played to determine the junior conference champion.

As to his outside interest Holland said: "Well, I might answer that by saying that when my wife can't find me around, she knows I'm browsing around a book store or a music store shopping for records. And if I'm not there, I'm probably somewhere debating with friends."

Holland isn't saying what he will do after the election except that he plans to take a special part time advisory position which Eisenhower has asked him to fill. That is as counselor to Dr. Milton Eisenhower, the president's brother, who has the special assignment of working with representatives of all American republics for closer economic and cultural ties.

### Football Story About Written for 1956 As Stamford Tramples Seyour Crew

The football story was practically completed last week-end for District 4-AA football crews when Seymour, only threat to a clean slate for the Stamford Bulldogs, fell before the onslaughts of last year's state AA champions. The game, played at Stamford, turned out to be almost a rout as the Bulldogs "let themselves go" and swamped the Panthers by a 47 to 0 count. Other district tilt on Friday's menu was Hamlin's 7 to 0 defeat of the Anson Tigers.

The Bulldogs cashed in four Seymour fumbles for touchdowns, and then added three more for extra measure as they powered their way to the district title. Tallying for the Bulldogs were Mike McClellan (two), Rufino Escobedo (two), Donald Davis, Dallas Christian and Nickey Jackson. The Bulldogs rolled up 338 yards on the ground to 92 yards for Seymour, and racked up 80 29 yards on three of 11 pass tries, while the Panthers made 29 yards nothree of 11 pass tries. Each of the teams intercepted one of the other's passes. Seymour's four lost fumbles compared to one muffed for Stamford recovered by the opponents.

In Hamlin's 7 to 0 defeat of the Anson Tigers Friday night, the teams were pretty well matched, a check of the statistics reveal. Each of the crews made 10 first downs. Hamlin made 189 on the ground to 173 for Anson. The Tigers ran up 40 yards in completing five of 14 aeriels during the game, while the Pied Pipers accounted for 15 yards on three completions of eight passes. The Pipers had one pass try intercepted. In the punting department Hamlin booted 226 yards in seven punts for an average of 32 yards, while Anson's 76 yards on three punts showed an average of slight-

ly more than 25 yards. The Tigers lost five fumbles, while Hamlin was losing the ball once on a muff.

A big crowd of Hamlin fans followed the Pipers to Anson for the game. The 60-piece Pied Piper Band and the girls' Pep Squad performed between the halves. Anson conducted a homecoming exercise between the game periods.

### GENTLEMAN DELUXE.

The absent-minded professor walked into a barber shop, seated himself in a chair and said, "hair-cut, please."

"Certainly," replied the barber, "but will you please remove your hat?"

"Of course," said the professor. "I didn't know there were ladies present."

No matter how big or small the repair required on your watch, you can count on the same diligent care from our master watchmakers.

And our prices are just as friendly. Come in today.

New Everywhere!

## Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance:

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo\* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Spaulding Points To Personal Need In Lions Program

"The Town Needs You" was the central theme of a Chamber of Commerce type talk by R. T. Spaulding, former long time CC manager, when he had charge of the program at the weekly luncheon meeting of the Hamlin Lions Club Tuesday noon at the oil mill guest house.

Spaulding pointed to several community projects that need the attention of civic minded citizens, preferably operating as a Chamber of Commerce. The Hamlin CC almost became a dead issue more than a year ago when the manager left for a more lucrative CC place at Merkel.

Former mayors of the city of Hamlin—John C. Turner, Joe Culbertson, Holly Toler, Mac Brundage and Willard Jones—were recognized for their accomplishments of the past. Then present Mayor O. D. Roland spoke on some of the problems and projects of the present City Council. He declared that the recently organized Hamlin Planning Board was instigated by the council to project community endeavors for the city. Members of the council, besides Roland, also were recognized.

Secretary Donley Williams reported that the Lions Club had 100 per cent attendance Tuesday for the first time in many months.

**COLLEGE QUEEN**—Marilyn Meyer, 18-year-old Baylor University sophomore, is representing Texas in the College Queen finals at Asbury Park, New Jersey. Marilyn is a native of Waco.

Besides Turner, Roland and Brundage, other guests at the Tuesday luncheon included Onis Crawford of Merkel and W. P. Smith of Houston.

## Record Grade Made By Hamlin Woman In Course for Nurses

A Hamlin woman was among the group of graduating vocational nurses, recently announced by the Stamford Sanitarium. This group was notified November 7 of having successfully passed the state board examinations for licensed vocational nurses. Certificates and school pins will be awarded at a date to be announced. Mrs. Paul Duncan, R. N., superintendent, said.

Members of the class are Barbara Butler, Delores Cuthbertson, Viola Gillett, Billie Lett, Merle Moran, Mary Wade, Erma Wallace of Hamlin, Angeline Warren of Haskell and Betty Lou Wilson.

Mrs. Erma Wallace was highest ranking student in the class and made a grade as high as has ever been made from the Stamford school, the superintendent declared. Two others have attained the same grade, 94.8.

## Gene Bobeen Plays In Midwestern Band

Gene Bobeen, son of Mr. and Mrs. J. F. Bobeen of Hamlin, was a member of the Midwestern University ROTC Band in Wichita Falls when it made its first public appearance at the M. U. Sheppard Air Force Base football game recently.

Bobeen is a 1956 graduate of Electra High School. At the university he is majoring in education.

THE RACY LINES of Buick's dream car styling for 1957 lend themselves to the grace and beauty of the new Century, pictured above. The model is one of several now on display at Central Buick Company in Hamlin. Long recognized as one of the outstanding performers on the highway, the nimble Century has been given new agility in the form of a 300-horsepower V-8 engine with 10-to-1 compression ratio. Bigger panoramic windshields, three-piece rear windows, new front and rear design and completely new chassis are featured on the new shoulder-high Century.

## Sallie Goedeke Dies Wednesday: Rites Set Today

After a serious illness of about a year, Mrs. Sallie Goedeke, 83-year-old resident of Hamlin for 18 years, died early Wednesday morning at the Hamlin Memorial Hospital. She had been in the hospital since October 23.

Born in Mississippi on March 13, 1873, she was the daughter of Mr. and Mrs. J. B. Greenway. She had married December 28, 1890, at Abilene. Her husband died several years ago.

Funeral services are scheduled for the octogenarian this (Thursday) afternoon at 2:00 o'clock at the Hamlin First Baptist Church, of which she was a member. Officiating will be Rev. Calvin Bailey, pastor.

Interment will be in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers will be T. S. Greenway, Warren W. Greenway, Dabert W. Barron, L. T. Ross, Alfred Greenway, Charles Walker, J. E. Franklin and J. D. Greenway.

Surviving Mrs. Goedeke are two brothers, Carl Greenway and Roscoe Greenway, both of Hamlin; and three sisters, Mrs. R. E. Walker of Plainview, Mrs. Lula Ross of Abilene and Lennie Greenway of Hamlin.

## Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending October 27, 1956, were 25,183 compared with 28,248 for the same week in 1955, reflecting a decline from the year-ago total. Cars received from connections totaled 13,628 compared with 13,656 for the same week in 1955.

Total cars moved were 38,811 compared with 41,904 for the same week in 1955. Santa Fe handled a total of 39,750 cars in the preceding week of this year.

Delaware is the second smallest state in the union.

## HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: O. D. Gholson of Aspermont, medical, October 29; Ernest Neves of Roby, medical, October 29; Mrs. W. W. Goodwin, medical, October 29; Mrs. J. R. Jenkins of Monahans, medical, October 30; Mrs. Herman Sharer, medical, October 31; Janice Dooley of Sweetwater, medical, October 31; S. T. Dooley of Sweetwater, medical, October 31; C. D. Herron of Sylvestre, surgery, November 1; Mrs. Paul Galey, medical, October 21; Mrs. Willard Maberry, medical, October 31; Mrs. C. J. Sewell, medical, October 31; Gale Rose Walton of Aspermont, surgery, November 2; Mrs. Ivey Myers, medical, November 2; Mrs. Herbert Crouch, ob., November 2; Mrs. Johnny Mayer of Jayton, ob., November 2; R. D. Rumfield, medical, November 2; W. H. Davis, medical, November 3; Floyd Winslett, medical, November 3; Mrs. T. Lears of Rotan, November 3.

November 4: Yolanda Orna, medical, November 5; Brad Rowland Sr., medical, November 5. Patients Dismissed—Mrs. E. C. Smith of Sylvestre, October 28; Mrs. L. M. Sutherland, October 23; Mrs. O. L. Jenkins, November 1; W. P. Hodges of Aspermont, October 28; R. D. Harwell, October 31; Villa Rountree, October 28; Bob Murff, October 28; Mrs. B. O. Bell, November 2; Mrs. Ray Ulmer, October 29; W. H. Pickron, November 5; Rev. S. J. King, October 31; Joyce Brashers of Roby, November 2; Ernest Neves of Roby, November 1; Mrs. W. W. Godwin, October 31; Mrs. J. R. Jenkins of Monahans, November 1; Mrs. Herman Sharer, November 3; Janice Dooley of Sweetwater, November 2; S. T. Dooley of Sweetwater, November 2; Mrs. Paul Galey, November 1; Gale Rose Walton of Aspermont, November 3.

## County 4-H Gold Star Winners to Be Feted At Vernon Banquet

Four-4 Gold Star boys and girls of Extension Service District III will be honored at a banquet at Vernon Saturday, beginning at 6:00 p. m., is announced by County Agent Bill Lehmberg and Home Demonstration Agent Mary Y. Newberry.

Jones County winners are Nancy Hunter of Noodle and Delbert Wilson of Anson.

The overall program will begin at 2:00 p. m. with a district council meeting. Beth Adkins of the Anson Junior Leaders Club is co-chairman, and Jimmy Roberts is a member of the district council. These two 4-H Clubbers, as well as Mr. and Mrs. Ab Hunter Jr. and Mr. and Mrs. Grady Wilson will accompany the Jones County delegation to Vernon.

A cubic foot of gold weights about 1,200 pounds.

## Pattillo Attends Area Chiropractor Meeting

Dr. and Mrs. William A. Pattillo were in Sweetwater Sunday, where he attended a meeting of District 7 of the Texas State Chiropractic Association. He is secretary of the district. Mrs. Pattillo and daughter visited her parents.

"The Psychology of Vision" was discussed by Dr. John Blum and Dr. Clyde Dawson, doctors of optometry from Snyder. They also gave a demonstration in rapid and comprehensive reading.

Doctors attended from Hamlin, Snyder, Sweetwater, Abilene, San Angelo, Miles, Merkel, Ballinger, Eden and Coleman. Next meeting of the district organization will be in January in San Angelo.

Every duty that is bidden to wait comes back with seven fresh duties at its back.—Charles Kingsley.

## Freight Carloadings For Santa Fe Slump

Freight carloadings for the Santa Fe Railway System for the week ending November 3, 1956, were 25,035 compared with 27,641 for the same week in 1955, reflecting a decline. Cars received from connections totaled 13,333 compared with 14,258 for the same week in 1955.

Total cars moved were 38,370 compared with 41,901 for the same weeks in 1955. Santa Fe handled a total of 38,811 cars in the preceding week of this year.

## MONEY NOT EVERYTHING.

Money may be the husk of many things, but not the kernel. It brings you food, but not appetite; medicine, but not health; acquaintances, but not friends; servants, but not faithfulness; days of joy, but not peace or happiness.—Ibsen.

## LEGAL NOTICES

### NOTICE OF ELECTION

The State of Texas, County of Jones.

To the resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation:

Take notice that a election will be held in Road District No. 1 of Jones County, Texas, on the 18th day of December, 1956, on the proposition and at the place more particularly set forth in the election order passed by the Commissioners Court on the 12th day of November, 1956, which is as follows:

AN ORDER calling an election on the proposition of the issuance of \$60,000.00 of bonds by Road District No. 1 of Jones County, Texas.

Whereas, there has been presented to this Court the petition of C. F. Uphaw and more than 50 other persons, representing themselves to be resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 1 of Jones County, Texas, on the question of the issuance of \$60,000.00 of road bonds, which said petition has heretofore filed in this court; and

Whereas, heretofore on the 26th day of October, 1956, the Commissioners Court passed an order fixing a time and place for a hearing on said petition, to-wit: November 12, 1956, and directed the county clerk to issue a notice of such time and place of hearing to inform all persons concerned of their rights to appear at such hearing and to contend for or protest against the order of such election; and

Whereas, the county clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District No. 1 of Jones County, Texas, and another copy thereof at the courthouse door of said county for 10 days prior to the date fixed for the hearing, and said notice was also been published in newspapers of general circulation in said Road District No. 1 of Jones County, Texas, namely, The Stamford American and The Hamlin Herald, one time on the 1st day of November, 1956, and the 31st day of October, 1956, which was at least five days prior to the date fixed for said hearing; and

Whereas, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, to hear the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by at least fifty (50) of the qualified electors who own taxable property in said Road District No. 1 of Jones County, Texas, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

Whereas, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District No. 1 of Jones County, Texas, and that it is desirable and necessary to issue the bonds of the said Road District No. 1 of Jones County in the amount of \$60,000.00 for the purpose of constructing, maintaining and operating paved roads and turnpikes or in aid thereof through Road District No. 1 of Jones County, Texas, including, particularly the purchase of right-of-way, and that said election should be ordered; and

Whereas, the Commissioners Court further finds that the amount of said proposed bond issue, together with all outstanding bonds heretofore issued on the said order of Road District No. 1 of Jones County will not exceed one-fourth of the assessed valuation of the real property of said district; and

Whereas, said Road District No. 1 of Jones County, Texas, has heretofore been legally created by order of the Commissioners Court, duly entered on the 1st day of April, 1924.

Therefore, be it ordered by the Commissioners Court of Jones County, Texas:

- That an election be held in said Road District No. 1 of Jones County, Texas, on the 18th day of December, 1956, which is not less than 30 days from the date of this order, to determine whether or not the bonds of said Road District No. 1 of Jones County, Texas, shall be issued in an amount not to exceed \$60,000.00, bearing interest at a rate of 5 per cent per annum, and maturing at such time as may be

fixed by the Commissioners Court serially or otherwise, in not to exceed fifteen (15) years from the date thereof for the purpose of constructing, maintaining and operating paved roads and turnpikes or in aid thereof through Road District No. 1 of Jones County, Texas, including particularly the purchase of right-of-way, and whether or not taxes shall be levied annually on all taxable property in said road district sufficient to pay the annual interest on said bonds to provide a sinking fund sufficient to pay the bonds at their maturities.

2. The metes and bounds of Road District No. 1 of Jones County, Texas, are set forth in the order fixing the time and place of hearing on the petition for the issuance of bonds which was passed on the 26th day of October, 1956.

3. The said election shall be held under the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

4. All persons who are legally qualified electors of this state and of this district who own taxable property in the district and who have duly rendered the same for taxation shall be qualified to vote, and all such electors shall vote in the election precinct of their residence and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

5. That said election shall be held in each of the following voting places within Road District No. 1 of Jones County, Texas:

In Voting Precinct No. 17 at the schoolhouse, Lueders, Texas, with the following officials: C. A. Thornton, presiding judge; Mrs. S. W. Seamon, assistant judge; Mrs. F. D. Purcell, clerk.

In Voting Precinct No. 29 at the schoolhouse, Swenson, Texas, with the following officials: Lambert W. Stenholm, presiding judge; A. H. Lundgren, assistant judge; C. H. Peterson, clerk.

In Voting Precinct No. 2 at the schoolhouse, Tuxedo, Texas, with the following officials: Mrs. Lou Polnac, presiding judge; Mrs. Oran Brigham, assistant judge; Mrs. J. K. French, clerk.

In Voting Precinct No. 13 at the City Hall, Hamlin, Texas (East Hamlin box), with the following officials: Tom Routh, presiding judge; E. L. Jenkins Sr., assistant judge; Mrs. Burns Eakin, clerk.

In Voting Precinct No. 30 at the City Hall, Stamford, Texas (West Stamford box), with the following officials: Mrs. Dave Walker, presiding judge; Mrs. Jack Jones, assistant judge; Mrs. J. L. Woodson, clerk.

6. The manner of holding said election shall be governed by the general laws of this state regulating general elections when not in conflict with the provisions of Chapter 16, Acts of the First Called Session of the 39th Legislature, hereinabove cited.

7. Notice of publication of a copy of this order in a newspaper of general circulation in Road District No. 1 of Jones County, Texas, for three successive weeks before the date of said election, and in addition thereto, there shall be posted copies of this order at three public places in said district, and one at the courthouse door of the county for three consecutive weeks prior to said election.

8. The county clerk is hereby ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the returns of said election executed by the duly authorized election officers, are received by this Court.

Passed and approved this 12th day of November, 1956—H. G. Andrews Jr., County Judge, Jones County, Texas.

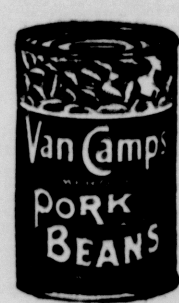

Attest: Gene Spurgeon Jr., County Clerk and Ex-Officio Clerk of the Commissioners Court, Jones County, Texas. By Louise Childs, Deputy.

By Vern Sanford,  
Manager, Texas Press Association

Austin.—General election results nationally have added new suspense to the already tense issue of who will succeed Texas' Governor-Elect Price Daniel as U. S. senator.

At stake is whether Democrats or Republicans will control the U. S. Senate, when Congress convenes on January 3.

Democrats now have a precarious 49 to 49 member advantage. But it would be 48 to 48 if a Republican replaced Democratic Senator Daniel.

GOP Vice President Richard Nixon can vote in case of a tie. Therefore, this one vote, which Texas could bestow upon him . . . in a round-about way . . . could determine the balance of power. Most important of all, it could decide which party could organize the Senate and appoint the all-important committee chairman.

This possibility puts Governor Allan Shivers in the national spotlight again. And Senator Daniel, Texas' conflicting election laws have clouded the issue as to whether Governor Shivers legally can call a special election before January 15. That's when Daniel takes office as governor. This because Daniel's letter of resignation from the Senate specifies January 15 as the effective date of his resignation.

Shivers contends that inasmuch as Daniel did not resign, effective immediately, there is no vacancy until January 15. Daniel argues that Shivers has the power to call an election. Both point to different provisions of the poorly drawn election code.

Unless Congress is in session, a governor cannot make an appointment to fill a vacancy. Therefore, should Senator Daniel resign effective today, Shivers could not name a successor until January 3, opening day of the new Congress.

Shivers feels that Daniel should resign outright, thus paving the way to an immediate election. The governor is required to call an election within 90 days from the effective date of the resignation, and not before 30 days have elapsed. This means that the governor could call for an election in December—or he could designate a January or February date.

Whatever course Daniel pursues, Shivers undoubtedly will

slightly less than the total for the whole 12 months of 1953, the highest previous year.

October awards of more than \$84,000,000 did not include a Texas Highway Department contract letting. This means the November figure, with two months of road contracts, will likely be large.

State Supreme Court has upheld and clarified a new law for unlimited issuance of bonds by school districts.

Validity of some \$75,000,000 in school bonds was affected by a test case from Hamilton County.

Voting in bond elections is limited by the constitution to property taxpayers. An act for school bond elections passed by the last Legislature further restricted voting to those who had rendered property on the county tax roll.

High court ruling removed this restriction, but upheld constitutionality of the rest of the law.

Short Shorts.—November 29 has been proclaimed as Texas' Thanksgiving Day by Governor Shivers. This is in accordance with legislative action setting the last Thursday in November as the state's official holiday. Federally November 22 will be observed. . . . Construction of a \$30,000,000 federal dam and reservoir at San Angelo has been approved conditionally by the State Water Board. Law requires recommendation by the governor also before the project can be undertaken by the Department of Interior. . . . U. S. Department of Agriculture has upped its estimate of Texas 1956 cotton crop to 3,600,000 bales, a 140,000-bale increase over last month's prediction. But the new total is still under last year's crop of 4,039,000 bales. . . . Dollar value of Texas farm and ranch land increased one per cent during the past year, compared to a three per cent gain for the nation. Average acre value of Texas rural land was estimated by USDA at \$63.13. National average was set at \$88.65. . . . John B. Nations succeeds Assistant Attorney General John Davenport as president of the Texas Public Employees Association.

Improved methods have kept Texas' overall farm income up, despite drought set-backs.

Cash income for January thru September totaled \$1,108,000,000, an increase of \$13,000,000 from last year, reports the University of Texas Bureau of Business Research. Average for the dry years of 1951-55 was six per cent above 1947-49.

Irrigation, conservation and improved crop varieties are credited for the increase. Some areas, the bureau noted, have not had a major crop in five years. Offsetting these are such areas as the Panhandle-South Plains region where "spectacular results" have been achieved with irrigation.

When Governor Shivers becomes Mr. Shivers next January, his family will move from one historic Austin mansion to another.

He has purchased Woodlawn, 103-year-old residence bought by Governor Elisha M. Pease when Pease retired from office. Seller was R. Niles Graham, grandson of Governor Pease.

Known locally as "the Pease mansion," the 17-room antebellum home still contains century old furnishings. Its new owners plan only sue remodeling necessary to accommodate their family.

An all-time record for 1956 with a healthy boom carrying over into 1957 is foreseen for the Texas construction industry.

Awards through October totaled \$1,049,179,948. This was only

## Make Own File Handles

TWO methods of making handles for files are suggested by Popular Mechanics, the famous do-it-yourself magazine. Illustrated at the top is a handle made from part of a wooden coat hanger. Drill a hole in one end to receive a file tang; then file the opposite end and edges smooth.

Curve of the coat hanger fits naturally into the hand. You can cut several handles from one hanger.

A different type can be made by drilling a small hole through the center of a clothespin. After sawing off the tips of the legs, insert the file tang and tape the two parts together as shown.

## WINTER PASTURES GROW.

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted winter pastures. Too, says E. M. Trew, extension pasture specialist, plantings can still be made but late plantings mean less grazing. He says management of the winter pastures from now on will determine to a large degree the amount of grazing which such pasture will provide. Ask your local county agent for a copy of Bulletin L-258, Winter Temporary Pastures.

Rubber bands at The Herald.

## Soil Payments Will Be Counted in Report For Social Security

"Because of the large number of inquiries which we have been receiving from farm operators checking whether soil bank payments count for social security purposes, the following paragraphs of information along that line are supplied in The Herald for the information of area farm operators," states R. R. Tuley Jr., district manager of the Social Security Administration at Abilene:

All types of soil bank payments are considered a sincome for social security purposes except part of the conservation reserve reimbursement payments. These are payments made by the federal government to pay part of the cost of carrying out the conservation practices and making improvements on the conservation reserve. Even these payments are deductible as business expenses for income tax purposes.

A farm owner who receives rental income, but he takes no part in the actual operation of the farm, cannot count neither the soil bank payments or other rental income for social security purposes. Farm and ranch operators past the age of 65 should make every effort to contact a representative of the Social Security Administration before January 1, 1957, as there are some instances where the filing of a claim before that date can result in a higher benefit amount.

The amount of any monthly benefits under the old age and survivors' insurance provisions of the social security act is based on the

insured individual's average earnings monthly. The minimum payment monthly to the insured individual is \$30 and the maximum is \$108.50 per month.

**HAMLIN MOTOR COMPANY**

Being a column in which the publisher just "blows off the steam."

TED RUSSELL and several other members of the Hamlin Lions Club, following the tests conducted at the Tuesday luncheon meeting of the civic club, asked about how members of the Rotary Club fared at a similar test conducted several days ago.

When informed that the self-admitted "younger men" of the Lions Club did much better than the "old men" of the Rotary Club, Russell proposed that the Rotarian motorists be barred from using the highways for their driving on account of the apparent dangers of the decrepit drivers.

"Oh, they might be permitted to drive during mid-day on the farm-to-market routes," Russell retorted.

Incidentally, Harold Williams, teacher at Hamlin High School, who sponsored the drivers' test, declared that Russell reacted to the braking test with the average 40-year-old driver's rating.

WRITER of the Over the Coffee Cup column of the Denver City Press makes these observations:

Every woman honestly believes she's not easily "taken in."

Contrary to her spouse's opinion, she is not a sucker for door-to-door salesmen! She may pay 50 cents for a celluloid comb that isn't fit to groom Shep with—but the poor old fellow did need the money.

And perhaps she selects a box of greeting cards she'd never glance at in a store—because the little girl who rang the doorbell had such serious brown eyes. But she's no sucker—he should see the things she doesn't buy!

She's certain she drives a better bargain with the butcher than her spouse can; that she's never fooled by sleazy goods; that the yard man will take the job cheaper if she talks to him.

There's only one thing she's sure to fall for—and that's the contest with the grand prize!

THE BARBS COLUMN of The Fort Worth Press, by Hal Cochran, continues to be one of our favorite pieces of literature. Here is another recent batch of his quips:

Now maybe we can have our nights, since mosquitoes have finished having their days this year.

Smart people don't worry, says a psychologist. And smarter ones don't worry other people.

Knowing how to look bored ought to make it a lot easier to get into society.

A lecturer says we're going through a period of change. You'd be surprised how many new babies are born every day.

Lots of TV programs have ruined the old thought that "every picture tells a story."

A western man is going to marry a woman who hit him with her auto. That's a sneaky way to get even.

CHARLIE ROBERTS, longtime editor of The Andrews County News, found consolation in the climax of the political campaign recently. But he expressed some opinions about the results thusly:

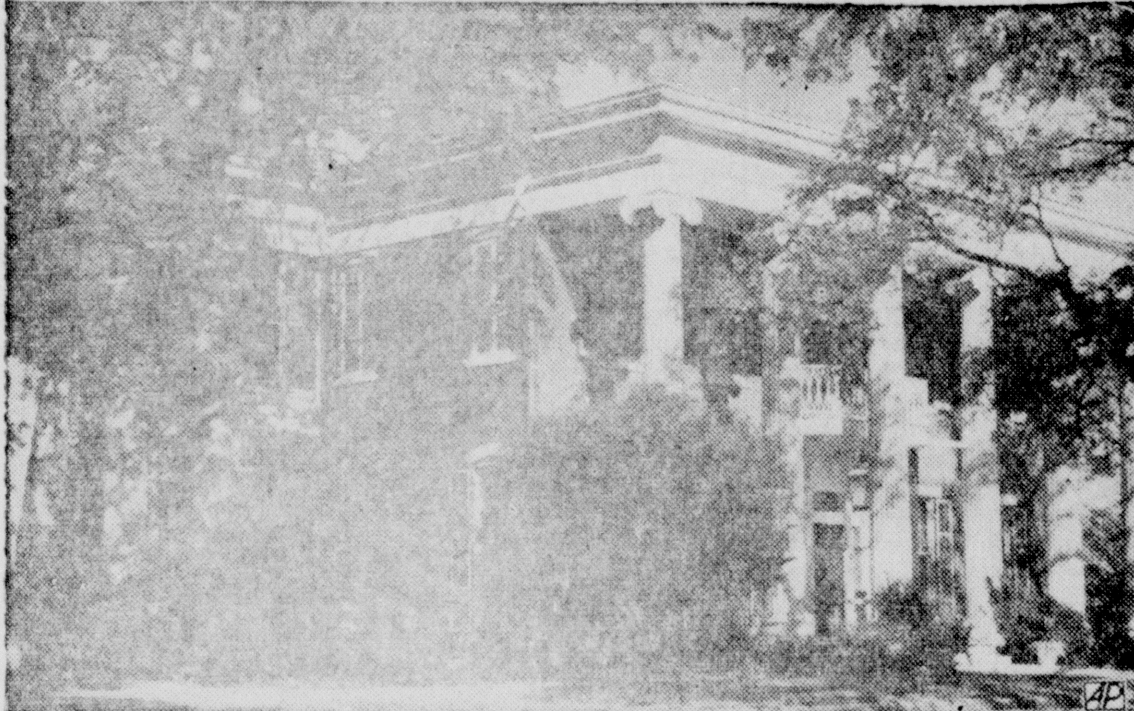

Now that the big election is over and we know who is going to occupy the White House for another four years, we are reminded of the words uttered recently by that Midland feller.

We doubt seriously that Ike will consult anyone in Andrews before making a major policy decision. Too, we doubt that anyone in Andrews will be contacted by anyone in the government about anything before it's done.

The closest contact we here in Andrews have with our federal government is when we mail in our income tax returns and we imagine that that's about all they are interested in—firstly, secondly and lastly.

And we doubt that the situation would have been any different had Adlai been elected.

MOST STREETS in our American cities run north and south, or east and west, and the dwellings are built to face them. Hygienists and exponents of vitamin D, the sunshine vitamin, say this was a boner in planning. Houses built to face northeast southeast, southwest or northwest get some direct sunlight on all four sides some time during

GOVERNOR PEASE MANSION—Governor and Mrs. Allan Shivers announced in Austin they had purchased the 103-year-old historic house there known as the Governor Pease mansion. Shivers said some remodeling would be needed but the house would be preserved in as near its original state as practicable and that his family would take possession later the first of the year. The house was built in 1853-54 by Abner Cook, who also built the state mansion.

## Chamber of Commerce May Be Reorganized in City Soon

### Projects Demand United Action of Organization

Reorganization soon of the Hamlin Chamber of Commerce this week loomed as a possibility as civic groups and others pinpointed the need for reviving of the organization.

Interest was growing in the reorganization movement under the impetus given the plan by the recently formed Hamlin Planning Board. R. T. Spaulding, former long time Chamber of Commerce manager, and a member of the planning board, started the ball rolling in reorganizing the CC when he had charge of the weekly program at the Hamlin Lions Club.

Spaulding pointed to several community projects that are now waning because no Chamber of Commerce exists to carry out the community action.

The Hamlin Planning Board, organized three weeks ago at the instigation of the City Council to assemble data and make suggestions for projects for city and community effort, no doubt will be the nucleus for a revived Chamber of Commerce. The board is composed of 10 men who were selected by the six members of the City Council as being representative citizens of the community.

Rev. Calvin Bailey, pastor of the First Baptist Church, will be the messianic of the evening. Special music will be furnished by members of the choir of the First Methodist Church.

### L. V. Miller Opening Auto Supply Store

A new auto parts concern is being opened this week in the Bill Seals building, next door to the Book Shop, by L. V. Miller. He will handle a complete line of standard auto parts and accessories.

Miller has been connected with the automobile trade in Hamlin for many years. He formerly operated an auto parts store several years ago in Hamlin.

### Union Service Set For Thanksgiving By Minister Unit

Preliminary plans for a union Thanksgiving service, sponsored by the Hamlin Ministerial Alliance, were announced this week by officials of the group.

The service is scheduled at 7:00 p. m. Wednesday, November 21, at the First Methodist Church.

Rev. Calvin Bailey, pastor of the First Baptist Church, will be the messianic of the evening. Special music will be furnished by members of the choir of the First Methodist Church.

Pastors of the churches of the city will be ushers for the service, it is announced.

During the Thanksgiving service a special offering will be taken, as has been the custom of several recent years, for a community fund for transients who become stranded here or otherwise need financial assistance, say officials of the alliance. Administering the funds is a committee composed of Rev. Darris L. Egger, W. C. Russell and Clarence Bailey.

### Know Your America Week Set by Mayor

National "Know Your America" Week will be observed in Hamlin, it has been announced by Mayor O. D. Roland, who urges the co-operation of people of the city.

Observance of the week is from November 18 through November 24. Business firms are asked to display their flags in front of their places of business throughout the week.

Hamlin FFAers, under the sponsorship of T. C. Blankinship and Harold V. Eades, Hamlin High School vocational agriculture instructors, racked up a total of 2,088 points in the first half of the contests last week in winning both the junior and senior chapter conducting contests and placing fifth in the Greenhand FFA quiz.

Lueders boys finished in the runner-up slot with 2,013 points by placing second in both junior and senior chapter conducting contests and tenth in the Greenhand quiz.

Hawley FFA boys won the Greenhand quiz. Rounding out the 10 in that event in order were Weibert, Aspermont, Anson, Hamlin, Rochester and Peacock (tied for sixth), Rule, Old Glory, Lueders and Stamford.

Behind the top three teams in junior chapter conducting contests came Anson, fourth; Hawley, fifth; Rule, sixth; and Jayton, seventh.

Trailing the top three teams in junior chapter conducting contests were Weibert, fourth; Jayton, fifth; and Haskell, sixth.

Due to be staged Wednesday were junior and senior farm skills competitions and a radio broadcast contest.

# Difficulties Hubbed In Road Right-of-Way

## Forum on World Peace Set Sunday By Methodists

"What Can I Do for World Peace?" will be the subject of a forum Sunday evening at the First Methodist Church, announces the pastor, Rev. Darris L. Egger.

Rev. Weldon Crowley, youth director, is in charge and moderator of the program. The other three young people who will participate are Bach Sin (Joy) from North Korea, a freshman in McMurry College; Gladys Ponce from Lima, Peru; and Eddie Sequiera of Baghdad, Iraq, a junior at McMurry.

Miss Sin was found living in a small lean-to built by her own hands, and then liberated by the United Nations armies and taken to South Korea. An Abilene business man is sponsoring her in McMurry College.

Miss Ponce was led to the Christian faith by a former McMurry College student, now a missionary to Peru, Naomi Hare. Miss Ponce plans to go back to Peru and be a missionary among her own people.

These four nationalities will give their ideas of what can be done to help insure world peace. This program will be in observance of World Order Sunday, which was set Sunday, but was delayed until Sunday night in order that these students might come to the local church.

Rev. Egger says the entire community is invited and urged to attend this program.

## Third Sunday Singing Set at Dovie Church

Regular third Sunday singing will be held Sunday afternoon in the Dovie community church, five miles east of Hamlin on the Stamford highway, it is announced by community leaders.

Several visiting singers are expected for the songfest, which will get underway at 2:00 o'clock. The public is invited.

## Tate May Reelected As Hendrick Trustee

Tate May, president of the Farmers & Merchants National Bank of Hamlin, Thursday was reelected a trustee of the Hendrick Memorial Hospital in Abilene, to serve for a three-year term. The action was taken on the final day of the Baptist General Convention of Texas' annual meeting at Corpus Christi.

Hendrick is one of the seven such hospitals owned and operated by the BGCT over Texas. Last year the hospitals cared for 92,365 patients at cost of some \$14,000,000. More than 5,000 of the patients were admitted free.

PRESIDENTIAL TWINS—Mr. and Mrs. W. F. Heffner of Corpus Christi beam proudly at their election day newcomers, twins Dwight Eisenhower (right) and Richard Nixon Heffner. The twins were born—and optimistically named—two hours before the polls closed on the presidential race.

# TB Christmas Seals Distributed in Area

This week several thousand people in Jones County are receiving an important and familiar envelope in the mail. In one corner is the double-barred cross of the National Tuberculosis Association, and inside are Christmas seals.

Mrs. W. L. Hunter Jr. of Hamlin, the county chairman for the annual Christmas seal sale of the

James County TB Association, reports that an effort has been made to include all of the residents in Jones County in this most important campaign.

Despite the work that has been done by the Jones County TB Association toward preventing tuberculosis in our county, two cases have been found in the past year.

Mrs. Hunter explained that 82 per cent of all funds collected from the sale of Christmas seals is used by the county organization for education, research and case finding in the continuing fight against tuberculosis. During the past year, 1,700 TB patch tests were given in Jones County public schools, and the 26 positive reactors were given further examination. X-rays were paid for by the association where parents of the children were unable to pay.

Free materials were circulated to all residents in regard to the patch tests, and the mass chest x-rays which were also sponsored by the Jones County association.

Further work was done in the education field by the annual awards given high school students in the county for the best essays written on the subject, "The Prevention of Tuberculosis."

Mrs. Hunter is joined by the officers and directors of the Jones County TB Association from all parts of Jones County in urging that you as citizens do your part toward stamping out tuberculosis by placing your contribution in the return envelope and mailing it today.

## Open House for New Gym Now Set Nov. 25

Open house for the new \$150,000 gymnasium at Hamlin High School was this week postponed for another week, according to Superintendent C. F. Cook.

The opening was tentatively scheduled for Monday evening, November 13 but some finishing work, particularly the painting of final construction, has been delayed.

The new open house has now been set for Monday evening, November 25, Cook said.

## FHA Unit to Sponsor World Gift Show

Tuesday, November 20, the members of the Hamlin High School chapter of Future Homemakers of America invite all women of the Hamlin community to a world gift show. The session will be at 3:00 p. m. in the high school c. r. r. y.

A tea hour will precede the show. Mrs. Joe Allen Dean will talk on "Germany As I Saw It." Mrs. Paul Robbins of Abilene will be master of ceremonies for the gift show.

## Rerouting May Be Necessary for Wider Roadway

Plans for widening and improving state Highway 94 from Hamlin to Tuxedo, included in the 1957 program of the Texas Highway Commission, have run into some difficulties, it was revealed several days ago by members of the Jones County Commissioners Court, as they began preliminary checking of right-of-way requirements for the routing.

The widening project of the highway commission calls for a 120-foot right-of-way in order to meet federal and state requirements for the type highway planned for the 12-mile segment from Hamlin to Tuxedo.

The present right-of-way most of the distance east from Hamlin is bounded on the north by the Katy Railway, which precludes much expansion on the north side of the right-of-way.

A four-inch gas pipeline of the Lone Star Gas Company runs on the side of the highway roadbed, which would be covered by the widened highway, and it is this situation that is causing apprehension of county right-of-way seekers. The Herald understands that the gas concern has asked indemnity of some \$254,000 for moving the high pressure line. No provision has been made for handling any such expenditure in connection with securing of right-of-way.

The highway committee of the recently formed Hamlin Planning Board is working with the Commissioners Court and highway officials in endeavoring to work out a solution of the problem.

It has been suggested that the highway be relocated on the north side of the Katy Railway, requiring the purchase of the entire right-of-way. This matter is being considered.

## VISITS FROM LUBBOCK.

Mrs. Carl Rister of Lubbock is here visiting with her mother, Mrs. M. P. May, and other relatives and friends.

## Who's New This Week

Seven new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. One girl and six boys, they are:

A girl for Mr. and Mrs. Billy Early of Hamlin arrived November 6 at 1:30 p. m. Weighing a light five pounds six ounces, the little miss has been named Donna Gail.

A boy for Mr. and Mrs. Rex Mauldin of Aspermont was born November 7 at 5:40 a. m. He will answer to Gary Rex. He tipped the scales at seven pounds one ounce on arrival.

A boy for Mr. and Mrs. U. L. McPherson of Hamlin was born November 7 at 9:12 p. m. After balancing the scales at five pounds seven ounces, he accepted the name Frank.

A boy for Mr. and Mrs. James Willis of Hamlin was checked in November 9 at 12:05 a. m. His birth weight was seven pounds 13 ounces. He has been named Daniel Eugene.

A boy for Mr. and Mrs. W. D. Lackey of Aspermont arrived at 11:35 a. m. November 10. Weighing seven pounds 12 ounces, he said Ronald Eugene would suit him for a name.

A boy was born to Mr. and Mrs. Thomas Darrell Greenway of Hamlin November 10 at 4:34 a. m. After having his weight tabbed at seven pounds seven ounces, the name Norman Keith was hung on young Mr. Greenway.

A boy for Mr. and Mrs. Jimmy Lee Joiner was heralded November 9 at 8:05 p. m. Weighing eight pounds, he has been named Ronald Dale.

## COULD IT BE THAT SOVIET POWER IS EBBING?

For some time the editor of The Herald has been watching with interest an apparent ebbing of the Soviet power. A big Eastern daily newspaper has recently expressed some of the same opinions we had been forming.

Once when the troops of the czar had spread far across Europe in the post-Napoleonic era the French statesman Talleyrand is quoted as having said, "The Russian tide is at its full; the Russian moon will draw it back."

Whether under hereditary monarchs or Communist leaders, the Russians as a people have heroically defended their own homeland but have seldom been interested for long in going far afield to dominate other nationalities. This characteristic may be a background factor in the surprising retreat Moscow appears to be making from its positions of military control in Hungary and Poland.

A few weeks ago it would have seemed incredible that nationalist Communist officials in those satellite states would promise to work for early withdrawal of Soviet garrisons or military missions from their soil, yet this pledge has been made by Premiers Nagy and Gomułka.

In Hungary's case there is doubt whether when this concession and dissolution of the hated security police will satisfy the anti-Communist rebels, outraged by years of cruelty and now by shootings of unarmed demonstrators. The rebel command makes two additional significant demands. One is free elections open to all parties; the other is withdrawal from the Warsaw alliance with the Soviet Union.

## Freedom to Take Risks

The United States holds unchallenged leadership of the world's oil industry. "Why?"

One answer, of course, is that we were blessed by nature with vast underground resources of this black gold. But that is far from a complete answer. The head of an American oil company points out that oil was discovered at about the same time in both the United States and Russia. Russia also has an abundance of oil underground. Yet to date U. S. oil production has exceeded Russian production by the incredible figure of some 44,000,000,000 (yes, billion) barrels.

One reason for that, he went on, is that government monopolies such as Russia has long had, just won't take the risks that American oil men working under our free enterprise regard as routine. He used the state of Oregon, where he was speaking, as an example. Nearly 200 dry wells have been drilled there. Oil has not yet been found. Maybe it will be in the future and maybe it won't be. But the American oil men will keep on trying, just as they keep on trying all over this and other countries.

To quote the oil official once more, "If it were not for democratic form of government and our private enterprise system we could not have this important freedom to take business risks and our economy would stagnate. Natural resources are vitally important, but they are of little value unless there is a climate of freedom that encourages their wise development. That goes for oil and everything else."

## The Art of Living

The people who really know how to live are those who can get enjoyment out of the little things along the way.

Let two men walk down the same road each day, and one will complain endlessly of the chore. The other will watch the seasons change, the comings and goings of the birds, and the cloud effects; he will soon have a friendly acquaintance with those things along the way.

It is not what we do in life, but how we do it; it is not what there is to see, but how we react to what we observe. Money or the lack of it will affect happiness but little, for we will get out of life just what we put into it.

## RECALLING Other Years

☆ Being news items taken from old files of Your Home Town Newspaper, The Herald.

### TWENTY YEARS AGO.

Among news events recorded in the Hamlin community of 20 years ago were the following, reproduced from the issue of The Hamlin Herald dated November 13, 1936:

Rev. H. W. Hanks has been appointed pastor of the Hamlin Methodist Church to succeed Rev. Hugh A. Longino. Rev. Hanks is going to the Munday church.

Stanford High School's Bulldogs defeated the Pied Pipers in a football game Friday night to the tune of 39 to 0. So far the Pipers have tied Munday 6 to 6, beat Rule 24 to 0, lost to Aspermont 6 to 9.

Mr. and Mrs. L. C. Denton of the Flat Top community are announcing the birth of a new daughter Monday. She has been named Ethyle Sue.

W. E. Dunham's Help-Self Grocery advertises the following prices: T-bone steak, 15 cents per pound; bananas, one cent each; two-pound can Folger's coffee, 59 cents; sugar, 10 pounds, 49 cents.

Hamlin Cotton Oil Mill advertises it will give 7,756 pounds of hulls for one ton of cottonseed.

Henry Fonda and Pat Patterson are featured in "The Spendthrift" at the Ferguson Theater.

Mr. and Mrs. Tom McAllister spent the week-end at Dallas and at the Centennial.

### TEN YEARS AGO.

Happenings in the Hamlin community 10 years ago included the following, reproduced from the issue of The Hamlin Herald dated November 15, 1946:

Last week Mr. and Mrs. E. W. Cox of Haskell assumed management of the Hamlin Locker Plant. Mrs. Cox is a daughter of C. E. Phelps, owner of the plant. Mr. Cox has recently been discharged from three and one-half years of service in the Navy.

Most all the stores of Hamlin will observe Monday, November 12, as a holiday since Armistice Day, November 11, falls on Sunday.

Mr. and Mrs. T. R. Tegart spent the weekend at Slaton visiting Mr. and Mrs. Lloyd Madden.

Coltharp's Food Store advertised the following prices: Hamburger, 25 cents per pound; potatoes, 10 pounds for 45 cents.

Bertie Ruth Maynard, daughter of Mr. and Mrs. A. B. Maynard, and J. W. Perryman Jr., son of Mr. and Mrs. J. W. Perryman, were married Sunday afternoon at the First Baptist Church.

Arice Jones of Fort Worth was here this week to visit his mother, Mrs. M. S. Joones, and his sister, Mrs. Jay Fitzgerald. Arice has purchased a business in Cleburne.

### FIVE YEARS AGO.

Among news items of interest in the Hamlin community five years ago were the following, reprinted from the issue of The Hamlin Herald dated November 16, 1951:

Lightest vote in many years was cast in the election Tuesday at Hamlin in which four of the five amendments were defeated. Hitting a county trapper for the county also was defeated by voters of the county.

Mrs. Ed B. Beck, 72-year-old Sylvester woman, killed a big rattlesnake on her porch last week with boiling water and lye.

Cotton prices went to 42 cents this week in Hamlin. This was a near record price, cotton men declaring that only in 1919, when the price went to 45 cents, had the market been better in their memory.

Hamlin High School's Capella Choir, under the direction of Walter B. Chalcraft, has been entertaining groups all over the area in recent weeks. The group sang at the Rotary Club Wednesday.

### ONE YEAR AGO.

News items of interest in the Hamlin community one year ago included the following, reprinted from the issue of The Hamlin Herald dated November 18, 1955:

A union Thanksgiving service, in which practically all churches of the city will participate, is being planned for next Wednesday evening at the First Methodist Church. The service is being sponsored by the Hamlin Ministerial Alliance.

Hamlin High School's Future Farmers of America judging teams came away with top honors from the district contests held last Wednesday at Stamford.

Toughest game of the Pied Pipers season is scheduled Friday night at Piper stadium, when the Bulldogs meet the Stamford Bulldogs.

## Automatic Answering Set Put on Duty In Hamlin Telephone Business Office

If you've called the telephone business office lately during Mrs. J. D. Cochran's lunch hour, you talked with her new office partner.

No, it's not another person working in the telephone office. It's an automatic answering set that has been installed and is operated during the business hours when Mrs. Cochran must be out of the office.

"You might say the telephone company is practicing what it preaches by installing the automatic answering set in the office here," Manager George Beard of Southwestern Bell said.

"We're enthusiastically recommending these answering sets for local business customers who can't have someone at the telephone all the time," he continued. "So, it's only logical that we use the service in our own office."

He pointed out that the automatic answering set and the speaker-phone are two of the newest types of telephone equipment developed by telephone scientists to provide more efficient service to the customers.

You can place a message on the automatic answering set just by talking into the telephone it is attached to. In this way, callers can be notified you are out of

at home to tell callers where you were when the entire family is going to be out for the evening.

"Just think what that would mean to your teen-age daughter," Beard said with a smile. "Then, she could go visit Aunt Mary with the family, secure in the knowledge that when her boy friend called, he'd know how to get in touch with her."

He said the telephone people believe these two devices are real communications advancements.

but that even more amazing things are ahead. The picture-phone that lets you see the person you are talking with has already been successfully demonstrated and will probably be in production in the not-too-distant future.

### DIMENSIONAL LIVING.

You can't control the length of your life, but you can control its width and depth.

In Canada a gallon measures almost five quarts.

## New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Proved on the Alcan Highway  
Champs of every weight class!

## IT'S THE LAW IN TEXAS

A Public Service Feature of the State Bar of Texas

### GENERAL REPORT AND VOICE

Whether it's the nomination of a presidential candidate at one of the national political conventions, or the monthly meeting of your neighborhood P-T-A, a set of procedural rules compiled 40 years ago by an almost forgotten Army general usually has much to do with the way the business is conducted.

You have probably heard of "Robert's Rules of Order" which was published in 1876. General Henry M. Robert ordered only 4,000 of his original edition, but since that time almost 1,500,000 copies have been printed. The rules have been modernized from time to time, but the revisions have been slight.

Actually the rules for conducting a meeting go back to the early days of the English Parliament, although General Robert based his upon the rules and practice of the U. S. Congress.

Robert's rules come close to being "law of the land." They are given added legal status by the fact that the charter, constitution or by-laws of almost every organization you can name, your wife's literary society, your labor union or the corporation you work for (large or small)—ordinarily state somewhere that all meetings will be "conducted in accordance with Robert's Rules of Order."

Special rules may be made by any organization contrary to Robert, but if such provisions are not in the by-laws his little book—where incorporated in such by-laws—contains the "bible" to be followed safely.

All this means, in effect, that if a serious question arises over the legality of action taken by an organization, a court might have to consider General Robert's rules with the same care as it does the law to determine whether the action in question was proper.

If you take an active part in church, school, civic or fraternal organizations, some knowledge of Robert's rules is important. At your lodge meeting, for example, things go much smoother if both the chairman and the members on the floor follow Robert and stick to the business at hand. That way you will get home before the wee small hours, and still have time for some relaxation after the business session.

There are many simple guides to Robert that will help, and unless you are chairman of a large or important meeting it probably isn't necessary to know all the details in the whole book.

Now we move to adjourn until next week—a motion which General Robert says takes precedence over everything else.

## Estimated Four From County to Be In December Draft

An estimated four young men from Jones County will be drafted for military service during the month of December. The state draft quota for the month calls for 877 men, Colonel Morris S. Schwartz, state selective service director, said Tuesday.

The quota of 877 for Texas compares with a call of 858 for November, previously announced. The December quota is the biggest monthly call received in a year.

The December quota is the state's share of a national call of 17,000 men, all for the Army.

At the same time he announced the November induction quota, Colonel Schwartz also announced a December call on approximately half the state's local boards for 1,491 men to take pre-induction physical and mental examinations for future calls.

The December quota will be filled with men who are 22 years of age or older on December 1 with the exception of delinquents or volunteers who may be younger.

December inductions are scheduled December 1 through December 12, and pre-induction examinations are scheduled December 1 through December 21. Pre-induction examinations are returned home immediately after examinations.

### PRACTICAL THOUGHT.

The old lady looked dubiously at the man next to her on the bus as he started to load his pipe. Finally she ventured:

"Sir, tobacco smoke makes me ill."

"In that case," he replied, still filling his pipe, "if I were you, I would give it up."

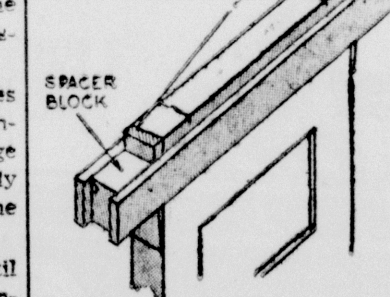

### How to Plane Top of Door

DOORS that scrape at the top or bottom are a nuisance. Planing down the high spots, of course, is the best cure.

A problem in connection with the planing operation, however, is the likelihood of splitting the wood when shaving across the end grains of the door stile. The jig described

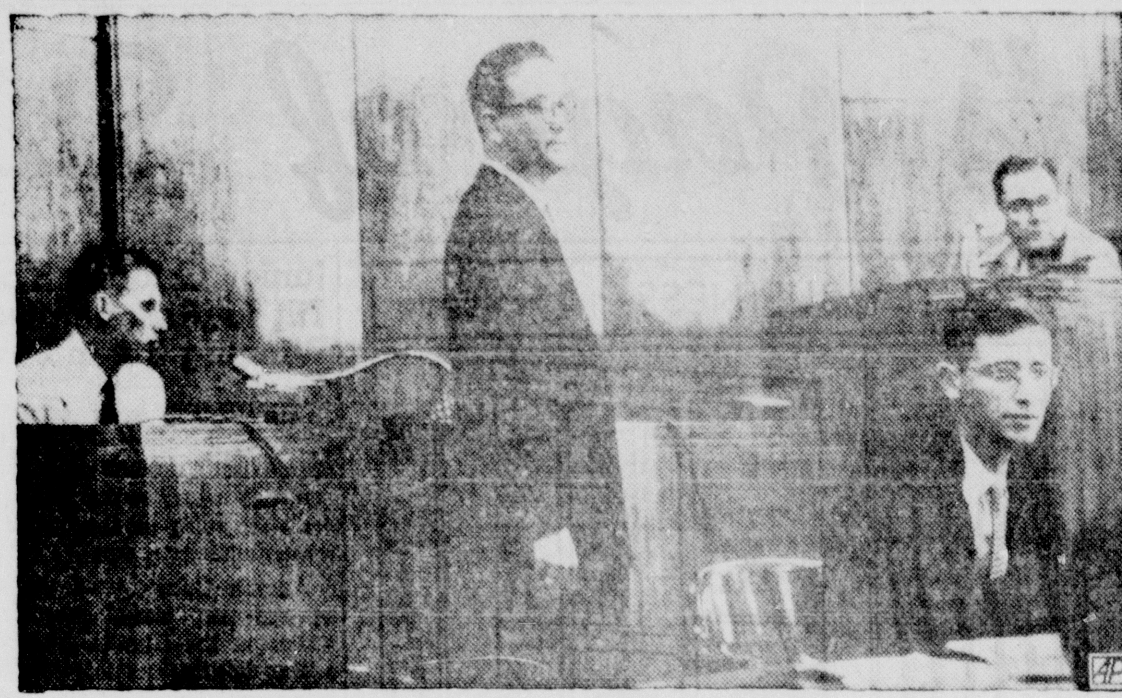

HARDWOOD WEDGES FLUSH WITH DOOR

will prevent this. The illustration appeared in *American Builder*, the magazine published for professional builders.

Take two 1 x 4's about four feet long and nail two suitable spacer blocks between the two, leaving a space of about one inch between the door and the block at either end. Make two tapering wedges from a piece of hardwood, making them an inch thick at their widest point.

Place the jig over the end of the upright door and drive the wedges into position as shown. Now the plane may be run across the door in either direction without danger of splitting the wood.

ATTENTIVE AT HEARING—Assistant Attorney General Davis Grant (standing) listens with Elbert L. Morrow, another assistant (seated) and Judge Otis T. Duncan as an attorney for the NACP asks a question of John H. Minton Jr., assistant attorney general, (left) during the reading of letters and documents during the hearing in District Court at Tyler.

## Wesleyan Service Guild Group Studies United Nations Topic

"The United Nations, a Good Trustee" was the timely topic for discussion when members of the Wesleyan Service Guild met

Monday evening at the First Methodist Church.

Opening prayer was led by Viola Avants. Mrs. Earl Brown led the discussion, assisted by Mrs. L. W. Shivers, Mrs. F. F. Shout and Georgia Moore. Miniature flags of the countries that are members of the United Nations made an interesting display.

Maggie Seymore presented the Bible study, "The Church."

A colorful poster depicting different types of churches was shown. Attending were Pearl Hudson, Mrs. Joe Stephens, Mrs. Shivers, Mrs. Shout, Lulan Vaughan, Oleta Avants, Mrs. Brown, Georgia Moore, Viola Avants and Maggie Seymore.

## Friends Class Holds Thanksgiving Dinner In Fellowship Hall

Members of the Friends Sunday School Class of the First Baptist Church met in the fellowship hall of the church last Thursday evening for their annual Thanksgiving dinner.

Opening prayer was led by Mrs. Jack Wright. Mrs. I. D. Miller gave the devotional on Thanksgiving.

The class president, Mrs. W. W. Fletcher, presided for a short business session. Mrs. Everett Gibson closed the session with prayer.

Attending the gathering were Mmes. Jack Wright, Ernest Lee, W. W. Fletcher, Bill Maynard, Walter Hargrove, Everett Gibson, Noel Weaver, Ben Parker and I. D. Miller. Hostesses were Mmes. A. Spencer, Clyde Grice and Bonnie Bingham.

### SOMETHING QUACKY.

A woman walked into a psychiatrist's office leading a small white duck by a chain.

"What can I do for you, madam?" the psychiatrist asked.

"Oh, it's not for me," said the woman. "It's my husband. He thinks he's a duck."

A calabash is a tropical tree used in making pipes.

### KNEW IT WAS LOST.

The father had taken his small son into the county fair. About the middle of the afternoon the boy came running up to his dad and said, "Hey, look, pop, I've found a knife."

"Gee," said the father, "that's a very expensive looking knife. Are you sure it was lost?"

"Sure, I'm sure," replied the youngster. "I saw the man looking for it."

## Dentist Talks to Fifth Graders at School

Last Thursday Dr. J. W. McCrary, Hamlin dentist, visited the third graders at Hamlin Elementary School and gave instructive lectures on the care of the teeth.

He gave a demonstration on brushing the teeth and stressed the importance of proper food for the development of sound teeth.

## Pied Pipers Wind Up Football Season with Fair Average

### Half of Games Won, One Tied, Review Discloses

Hamlin High School's Pied Piper football squad, which wound up its 1956 season Friday night in the tilt with Anson, did not do so badly in the season just closed, a review of the season discloses.

With an average crew of boys to work with this season, Coaches Truman Nix, Jim Herridge and Harrell Blackburn have completed a season that displayed unusual fighting spirit and determination. Just some mighty tough competition has faced the Pipers the past season. Most local fans are in agreement that Hamlin should have won two more games than it did—the one against Rotan and the thriller-diller against the Merkel Badgers, but the breaks just did not fall right for the Pipers in those games.

The Nix-men won five of their 10 games on the schedule, and tied one tilt for a season standing of 550 per cent. This is some better than the closing percentage of a year ago.

A review of the games of the year shows the following results:

Hamlin 34, Roby 6.  
Hamlin 18, Spur 12.  
Merkel 39, Hamlin 32.  
Hamlin 14, Rotan 14.  
Winters 28, Hamlin 13.  
Hamlin 31, Colorado City 0.  
Hamlin 31, Albany 13.  
Seymour 41, Hamlin 0.  
Stamford 26, Hamlin 6.  
Hamlin 7, Anson 0.

### UN IS EFFECTIVE.

The United Nations as it stands today represents the highest common factor of agreement that is possible among the nations. It is still evolving. The aspirations, the hopes, the standards of conduct set out in the charter correspond to what the world requires, such an organization of universal character matches the needs of the twentieth century.

### DISTRICT 4-AA STANDINGS

Hamlin's Pied Pipers wound up the grid season last week-end in the third slot in both the all-season and the conference standings. In fact the ratings, with only one more game on the menu for District 4-AA teams, will wind up in the same order.

Seymour is doped to easily take Friday night's tilt at Seymour from the Anson Tigers.

After last week's games, the standings look like this:

All-Season Standings					
Teams	P.	W.	L.	T.	Pct.
Stamford	10	10	0	0	1.000
Seymour	9	7	2	0	.779
Hamlin	10	5	4	1	.550
Anson	9	3	6	0	.333

Conference Standings					
Teams	P.	W.	L.	T.	Pct.
Stamford	3	3	0	0	1.000
Seymour	2	1	1	0	.500
Hamlin	3	1	2	0	.333
Anson	2	2	0	0	.900

### Results Last Week.

Stamford 47, Seymour 0.  
Hamlin 7, Anson 0.

Where They Play Friday.  
Anson at Seymour.  
Stamford and Hamlin: Season completed.

### Contract Let for New School Tennis Courts

Contract was let by the Hamlin Independent School District board of trustees for two new tennis courts, to be located at the high school between the new gymnasium and the vocational agriculture building, it was announced Wednesday by Superintendent of Schools C. F. Cook.

The steel reinforced concrete slabs for the two courts will be 110 by 86 feet.

Work on the courts, to be constructed by E. F. Faurey of Hamlin, is due to get underway next week.

Two tennis courts formerly were located on the present site of the new gymnasium.

### Annual Tussle With Anson Ends In 7 to 0 Victory

Annual grid battle of the Hamlin Pied Pipers and Anson Tigers was little different from previous tilts played by the two teams if fight and spizzierinkum are to be considered.

The local gridders spoiled Anson's first annual homecoming last Friday night by drubbing the county seat boys to the tune of 7 to 0 in the Pipers' last conference encounter.

The touchdown of the game was racked up past the middle of the third quarter when Halfback Virgil Wilson went over from the four-yard spot as the climax of a 40-yard drive by the Pipers.

Murl Don Smith had set up the scoring drive by recovering an Anson fumble on the 40-yard line when Anson's Wayne Pelton had muffed the ball on the second play in the second half.

Through the efforts of Wilson, Smith, Herbert Lakey and Don Drummond in successive ground plays the ball was put in scoring territory. Then a nine-yard pass from Don Adair to Doug Ford made first down and set up the scoring pitch.

The Tigers threatened the Pied Pipers several times, with Jimmy Roberts, 155-pound halfback, hitting the Piper line for several nice gains.

Friday night's game left Hamlin in third position in the standings and put Anson in the District 4-AA cellar in both all-season and conference ratings.

### Football Films to Be Shown for Boosters

Two football films will be the feature attractions at a special meeting of the Hamlin Pied Piper Booster Club, scheduled Monday evening at 7:30 at the oil mill guest house, it is announced by booster club officials.

Members of the club and other men and boys of the community are invited to attend the session and see the film.

In addition, plans will be made at the session for backing the basketball teams of Hamlin High School, officials declare.

### STRICTLY BUSINESS

by McFeatters

"Seems mighty funny that just after I deposit my money I see the president's wife in a new mink coat!"

### TEXANS IN WASHINGTON

By Tex Easley, AP Washington Correspondent

Washington.—Now that he's working for the Republican national committee Henry Finch Holland, former Houston lawyer, considers himself a Republican.

But he says he was a "political independent" when he came to Washington two years ago at President Eisenhower's request to become one of the four assistant secretaries of state.

"Sure, I had voted on occasion for Democrats in Texas," the 41-year-old Brownsville native said, "but in my opinion that in itself doesn't make one a Democrat. I voted for President Eisenhower in 1952. That didn't make me a Republican."

But now that he is active in a partisan role—as foreign affairs advisor to the GOP national committee—he considers himself definitely a Republican.

Holland came to Washington as assistant secretary of state for inter-American affairs.

His new job is to see to it that November election campaigning directed by Chairman Leonard Hall of the Republican national committee is right down the line with the Eisenhower administration's policies where international matters are involved. He keeps in close personal touch with both the president and Secretary of State Dulles.

Holland went on to say in an interview that, having worked for the Eisenhower administration, he is "convinced it is in the best interest of the country" that Eisenhower be reelected. A few weeks ago he resigned his state department post to take his present position.

He feels that the foreign affairs issue probably will determine the outcome of the presidential election, and well may be the determining factor in many congressional races.

"Any man who serves with the Republican national committee as an advisor should be a Republican," he added. "So I now consider myself a Republican."

He was asked how he happened to be brought to Eisenhower's attention, since such jobs usually go to stalwart party members and he had described himself as an "independent" even when appointed to the state department post.

"That's a good question," he answered. "I don't know. I've often thought I'd ask someone myself, but I haven't."

In response to a question he said it wasn't Texas Republican

### Junior Gridders Lose Tilt to Anson After Winning Six in Row

The football crew of Hamlin Junior High School climaxed their season last Tuesday night at Anson with a loss to the junior Tigers after going all the rest of the season without a loss.

Anson's Cubs evened the score of the two teams' meeting by walloping the Hamlin Juniors by a 25 to 6 score. The defeat brought to an end a skein of six straight wins for the local club coached by Harry Martin.

Anson clearly dominated the first half, featuring a hard charging line that refused to give ground to the Hamlin lads.

The first Anson tally came on an intercepted pass. Anson did all of their scoring in the first half.

In the second half the Hamlin boys regained their balance and scored the only touchdown on a beautiful 65-yard run by Wesley Cummings.

If Hamlin gets by Rotan in its final game and Anson defeats Albany and Merkel, a play-off game will be played to determine the junior conference champion.

As to his outside interest Holland said: "Well, I might answer that by saying that when my wife can't find me around, she knows I'm browsing around a book store or a music store shopping for records. And if I'm not there, I'm probably somewhere debating with friends."

Holland isn't saying what he will do after the election except that he plans to take a special part time advisory position which Eisenhower has asked him to fill. That is as counselor to Dr. Milton Eisenhower, the president's brother, who has the special assignment of working with representatives of all American republics for closer economic and cultural ties.

Mrs. Holland is the former Betty Adams of San Antonio, and they have three children: Ann 14, Henry, 12; and Bill, five.

### Football Story About Written for 1956 As Stamford Tramples Seyour Crew

The football story was practically completed last week-end for District 4-AA football crews when Seymour, only threat to a clean slate for the Stamford Bulldogs, fell before the onslaughts of last year's state AA champions. The game, played at Stamford, turned out to be almost a rout as the Bulldogs "let themselves go" and swamped the Panthers by a 47 to 0 count. Other district tilt on Friday's menu was Hamlin's 7 to 0 defeat of the Anson Tigers.

The Bulldogs cashed in four Seymour fumbles for touchdowns, and then added three more for extra measure as they powered their way to the district title. Tallying for the Bulldogs were Mike McClellan (two), Rufino Escobedo (two), Donald Davis, Dallas Christian and Nickey Jackson. The Bulldogs rolled up 338 yards on the ground to 92 yards for Seymour, and racked up 80 29 yards on three of 11 pass tries, while the Panthers made 29 yards nothree of 11 pass tries. Each of the teams intercepted one of the other's passes. Seymour's four lost fumbles compared to one muffed for Stamford recovered by the opponents.

In Hamlin's 7 to 0 defeat of the Anson Tigers Friday night, the teams were pretty well matched, a check of the statistics reveal. Each of the crews made 10 first downs. Hamlin made 189 on the ground to 173 for Anson. The Tigers ran up 40 yards in completing five of 14 airds during the game, while the Pied Pipers accounted for 15 yards on three completions of eight passes. The Pipers had one pass try intercepted. In the punting department Hamlin booted 226 yards in seven punts for an average of 32 yards, while Anson's 76 yards on three punts showed an average of slight-

ly more than 25 yards. The Tigers lost five fumbles, while Hamlin was losing the ball once on a muffed punt.

A big crowd of Hamlin fans followed the Pipers to Anson for the game. The 60-piece Pied Piper Band and the girls' Pep Squad performed between the halves. Anson conducted a homecoming exercise between the game periods.

### GENTLEMAN DELUXE.

The absent-minded professor walked into a barber shop, seated himself in a chair and said, "hair-cut, please." "Certainly," replied the barber, "but will you please remove your hat?" "Of course," said the professor. "I didn't know there were ladies present."

No matter how big or small the repair required on your watch, you can count on the same diligent care from our master watchmakers.

And our prices are just as friendly. Come in today.

## Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance:

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo\* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Carmicheal Buick Company • 55 So. Central Ave.

# Spaulding Points To Personal Need In Lions Program

"The Town Needs You" was the central theme of a Chamber of Commerce type talk by R. T. Spaulding, former long time CC manager, when he had charge of the program at the weekly luncheon meeting of the Hamlin Lions Club Tuesday noon at the oil mill guest house.

Spaulding pointed to several community projects that need the attention of civic minded citizens, preferably operating as a Chamber of Commerce. The Hamlin CC almost became a dead issue more than a year ago when the manager left for a more lucrative CC place at Merkel.

Former mayors of the city of Hamlin—John C. Turner, Joe Culbertson, Holly Toler, Mac Brundage and Willard Jones—were recognized for their accomplishments of the past. Then present Mayor O. D. Roland spoke on some of the problems and projects of the present City Council. He declared that the recently organized Hamlin Planning Board was instigated by the council to project community endeavors for the city. Members of the council, besides Roland, also were recognized.

Secretary Donley Williams reported that the Lions Club had 100 per cent attendance Tuesday for the first time in many months.

**COLLEGE QUEEN**—Marilyn Meyer, 18-year-old Baylor University sophomore, is representing Texas in the College Queen finals at Asbury Park, New Jersey. Marilyn is a native of Waco.

Besides Turner, Roland and Brundage, other guests at the Tuesday luncheon included Onis Crawford of Merkel and W. P. Smith of Houston.

# Record Grade Made By Hamlin Woman In Course for Nurses

A Hamlin woman was among the group of graduating vocational nurses, recently announced by the Stamford Sanitarium. This group was notified November 7 of having successfully passed the state board examinations for licensed vocational nurses. Certificates and school pins will be awarded at a date to be announced. Mrs. Paul Duncan, R. N., superintendent, said.

Members of the class are Barbara Butler, Dolores Cuthbertson, Viola Gillett, Billie Lett, Merle Moran, Mary Wade, Erma Wallace of Hamlin, Angeline Warren of Haskell and Betty Lou Wilson.

Mrs. Erma Wallace was highest ranking student in the class and made a grade as high as has ever been made from the Stamford school, the superintendent declared. Two others have attained the same grade, 94.8.

# Gene Bobeen Plays In Midwestern Band

Gene Bobeen, son of Mr. and Mrs. J. F. Bobeen of Hamlin, was a member of the Midwestern University ROTC Band in Wichita Falls when it made its first public appearance at the MU-Sheppard Air Force Base football game recently.

Bobeen is a 1936 graduate of Electra High School. At the university he is majoring in education.

THE RACY LINES of Buick's dream car styling for 1937 lend themselves to the grace and beauty of the new Century, pictured above. The model is one of several now on display at Central Buick Company in Hamlin. Long recognized as one of the outstanding performers on the highway, the nimble Century has been given new agility in the form of a 300-horsepower V-8 engine with 10-to-1 compression ratio. Bigger panoramic windshields, three-piece rear windows, new front and rear design and completely new chassis are featured on the new shoulder-high Century.

# Sallie Goedeke Dies Wednesday; Rites Set Today

After a serious illness of about a year, Mrs. Sallie Goedeke, 83-year-old resident of Hamlin for 18 years, died early Wednesday morning at the Hamlin Memorial Hospital. She had been in the hospital since October 23.

Born in Mississippi on March 13, 1873, she was the daughter of Mr. and Mrs. J. B. Greenway. She had married December 28, 1890, at Abilene. Her husband died several years ago.

Funeral services are scheduled for the octogenarian this (Thursday) afternoon at 2:00 o'clock at the Hamlin First Baptist Church, of which she was a member. Officiating will be Rev. Calvin Bailey, pastor.

Interment will be in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers will be T. S. Greenway, Warren W. Greenway, Dalbert W. Barron, L. T. Ross, Alfred Greenway, Charles Walker, J. E. Franklin and J. D. Greenway.

Surviving Mrs. Goedeke are two brothers, Carl Greenway and Roscoe Greenway, both of Hamlin; and three sisters, Mrs. R. E. Walker of Plainview, Mrs. Lula Ross of Abilene and Lennie Greenway of Hamlin.

# Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending October 27, 1936, were 25,183 compared with 28,248 for the same week in 1935, reflecting a decline from the year-ago total. Cars received from connections totaled 13,628 compared with 13,656 for the same week in 1935.

Total cars moved were 38,811 compared with 41,904 for the same week in 1935. Santa Fe handled a total of 39,750 cars in the preceding week of this year.

Delaware is the second smallest state in the union.

# HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: O. D. Gholson of Aspermont, medical, October 29; Ernest Neves of Roby, medical, October 29; Mrs. W. W. Goodwin, medical, October 29; Mrs. J. R. Jenkins of Monahans, medical, October 30; Mrs. Herman Sharer, medical, October 31; Janice Dooley of Sweetwater, medical, October 31; S. T. Dooley of Sweetwater, medical, October 31; C. D. Herron of Sylvester, surgery, November 1; Mrs. Paul Galey, medical, October 21; Mrs. Willard Maberry, medical, October 31; Mrs. C. J. Sewell, medical, October 31; Gale Rose Walton of Aspermont, surgery, November 2; Mrs. Ivey Myers, medical, November 2; Mrs. Johnny Mayer of Jayton, ob., November 2; R. D. Ruffield, medical, November 2; W. H. Davis, medical, November 3; Floyd Winslett, medical, November 3; Mrs. T. Lears of Rotan,

November 4; Yolanda Orona, medical, November 5; Brad Rowland Sr., medical, November 5.

Patients Dismissed—Mrs. E. C. Smith of Sylvester, October 28; Mrs. L. M. Sutherland, October 23; Mrs. O. L. Jenkins, November 1; W. P. Hodges of Aspermont, October 28; R. D. # County 4-H Gold Star Winners to Be Feted At Vernon Banquet

Four-4 Gold Star boys and girls of Extension Service District III will be honored at a banquet at Vernon Saturday, beginning at 6:00 p. m., is announced by County Agent Bill Lehnberg and Home Demonstration Agent Mary Y. Newberry.

Jones County winners are Nancy Hunter of Noodle and Delbert Wilson of Anson.

The overall program will begin at 2:00 p. m. with a district council meeting. Beth Atkins of the Anson Junior Leaders Club is co-chairman, and Jimmy Roberts is a member of the district council. These two 4-H Clubbers, as well as Mr. and Mrs. Ah Hunter Jr. and Mr. and Mrs. Grady Wilson will accompany the Jones County delegation to Vernon.

A cubic foot of gold weights about 1,200 pounds.

# Pattillo Attends Area Chiropractor Meeting

Dr. and Mrs. William A. Pattillo were in Sweetwater Sunday, where he attended a meeting of District 7 of the Texas State Chiropractic Association. He is secretary of the district. Mrs. Pattillo and daughter visited her parents.

"The Psychology of Vision" was discussed by Dr. John Blum and Dr. Clyde Dawson, doctors of optometry from Snyder. They also gave a demonstration in rapid and comprehensive reading.

Doctors attended from Hamlin, Snyder, Sweetwater, Abilene, San Angelo, Miles, Merkel, Ballinger, Eden and Coleman. Next meeting of the district organization will be in January in San Angelo.

Every duty that is bidden to wait comes back with seven fresh duties at its back—Charles Kingsley.

# Freight Carloadings For Santa Fe Slump

Freight carloadings for the Santa Fe Railway System for the week ending November 3, 1936, were 25,035 compared with 27,641 for the same week in 1935, reflecting a decline. Cars received from connections totaled 13,333 compared with 14,258 for the same week in 1935.

Total cars moved were 38,370 compared with 41,901 for the same week in 1935. Santa Fe handled a total of 38,811 cars in the preceding week of this year.

# MONEY NOT EVERYTHING.

Money may be the husk of many things, but not the kernel. It brings you food, but not appetite; medicine, but not health; acquaintances, but not friends; servants, but not faithfulness; days of joy, but not peace or happiness.—Ibsen.

# LEGAL NOTICES

## NOTICE OF ELECTION

The State of Texas, County of Jones:

To the resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation:

Take notice that a election will be held in Road District No. 1 of Jones County, Texas, on the 15th day of December, 1936, on the proposition and at the place more particularly set forth in the election order passed by the Commissioners Court on the 12th day of November, 1936, which is as follows:

AN ORDER calling an election on the proposition of the issuance of \$60,000.00 of bonds by Road District No. 1 of Jones County, Texas.

Whereas, there has been presented to this Court the petition of C. F. Upshaw and more than 50 other persons, representing themselves to be resident, qualified electors of Road District No. 1 of Jones County, Texas, who own taxable property in said district and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 1 of Jones County, Texas, on the question of the issuance of \$60,000.00 of bonds, which said petition has heretofore filed in this court; and

Whereas, heretofore on the 26th day of October, 1936, the Commissioners Court passed an order fixing a time and place for a hearing on said petition, to-wit: November 12, 1936, and directed the county clerk to issue a notice of such time and place of hearing to inform all persons concerned of their rights to appear at such hearing, and to contend for or protest against the order of such election; and

Whereas, the county clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District No. 1 of Jones County, Texas, and another copy thereof at the courthouse door of said county for 10 days prior to the date fixed for the hearing, and said notice was also been published in newspapers of general circulation in said Road District No. 1 of Jones County, Texas, namely: The Stamford American and The Hamlin Herald, one time on the 1st day of November, 1936, and the 31st day of October, 1936, which was at least five days prior to the date fixed for said hearing; and

Whereas, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear said petition and all matters in respect to the proposed bond election, to hear the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by at least fifty (50) of the qualified electors who own taxable property in said Road District No. 1 of Jones County, Texas, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

Whereas, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District No. 1 of Jones County, Texas, and that it is desirable and necessary to issue the bonds of the said Road District No. 1 of Jones County, Texas, in the amount of \$60,000.00 for the purpose of constructing, maintaining and operating paved roads and turnpikes or in aid thereof through Road District No. 1 of Jones County, Texas, including particularly the purchase of right-of-way, and that said election should be ordered; and

Whereas, the Commissioners Court further finds that the amount of said proposed bond issue, together with all outstanding bonds heretofore issued on the faith and credit of Road District No. 1 of Jones County, Texas, will not exceed one-fourth of the assessed valuation of the real property of said district; and

Whereas, said Road District No. 1 of Jones County, Texas, has heretofore been legally created by order of the Commissioners Court, duly entered on the 1st day of April, 1924;

Therefore, be it ordered by the Commissioners Court of Jones County, Texas:

1. That an election be held in said Road District No. 1 of Jones County, Texas, on the 15th day of December, 1936, which is not less than 30 days from the date of this order, to determine:

"Whether or not the bonds of said Road District No. 1 of Jones County, Texas, shall be issued in the amount not to exceed \$60,000.00, bearing interest at a rate of three per cent per annum, and maturing at such time as may be

fixed by the Commissioners Court serially or otherwise, in not to exceed fifteen (15) years from the date thereof for the purpose of constructing, maintaining and operating paved roads and turnpikes or in aid thereof through Road District No. 1 of Jones County, Texas, including particularly the purchase of right-of-way, and whether or not taxes shall be levied annually on all taxable property in said road district sufficient to pay the annual interest on said bonds to provide a sinking fund sufficient to pay the bonds at their maturities."

2. The times and bounds of Road District No. 1 of Jones County, Texas, are set forth in the order fixing the time and place of hearing on the petition for the issuance of bonds which was passed on the 26th day of October, 1936.

3. The said election shall be held under the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

4. All persons who are legally qualified electors of this state and of this district who own taxable property in the district and who have duly rendered the same for taxation shall be qualified to vote, and all such electors shall vote in the election precinct of their residence and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words: "For the issuance of bonds and the levying of the tax in payment there."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

5. That said election shall be held in each of the following voting places within Road District No. 1 of Jones County, Texas:

In Voting Precinct No. 17 at the schoolhouse, Lueders, Texas, with the following officials: C. A. Thornton, presiding judge; Mrs. S. W. Seamon, assistant judge; Mrs. F. D. Purcell, clerk.

In Voting Precinct No. 29 at the schoolhouse, Swanton, Texas, with the following officials: Lambe W. Stenholm, presiding judge; A. H. Lundgren, assistant judge; C. H. Peterson, clerk.

In Voting Precinct No. 2 at the City Hall, Hamlin, Texas (East Hamlin box), with the following officials: Mrs. Lou Polnac, presiding judge; Mrs. Oran Brigham, assistant judge; Mrs. J. C. French, clerk.

In Voting Precinct No. 19 at the City Hall, Hamlin, Texas (West Hamlin box), with the following officials: Miss Lennie Greenway, presiding judge; L. H. McBride, assistant judge; J. E. Patterson, clerk.

In Voting Precinct No. 11 at the schoolhouse, Azusa, Texas, with the following officials: H. E. Culwell, presiding judge; Mrs. M. J. Sublett, assistant judge; Mrs. L. W. Larson, clerk.

In Voting Precinct No. 25 at the high school gymnasium, Stamford, Texas (East Stamford box), with the following officials: R. R. Kelley, presiding judge; George Zachary, assistant judge; Mrs. Mattie Haynes, clerk.

In Voting Precinct No. 10 at the City Hall, Stamford, Texas (West Stamford box), with the following officials: Mrs. Dave Walker, presiding judge; Mrs. Jack Jones, assistant judge; Mrs. J. L. Woodson, clerk.

6. The manner of holding said election shall be governed by the general laws of this state regulating general elections when not in conflict with the provisions of Chapter 16, Acts of the First Called Session of the 39th Legislature, heretofore cited.

7. Notice of said election shall be given by publication of a copy of this order in a newspaper of general circulation in Road District No. 1 of Jones County, Texas, for three successive weeks before the date of said election, and in addition thereto, there shall be posted copies of this order at three public places in said district, and one at the courthouse door of the county for three consecutive weeks prior to said election.

8. The county clerk is hereby ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the returns of said election executed by the duly authorized election officers, are received by this Court.

Passed and approved this the 12th day of November, 1936—H. C. Andrews Jr., County Judge, Jones County, Texas.

Attest: Gene Spurin Jr., County Clerk and Ex-Officio Clerk of the Commissioners Court, Jones County, Texas. By Louise Childs, Deputy.

# State Capitol NEWS

By Vern Sanford,  
Manager, Texas Press Association

Austin.—General election results nationally have added new suspense to the already tense issue of who will succeed Texas' Governor-Elect Price Daniel as U. S. senator.

At stake is whether Democrats or Republicans will control the U. S. Senate, when Congress convenes on January 3.

Democrats now have a precarious 49 to 49 member advantage. But it would be 48 to 48 if a Republican replaced Democratic Senator Daniel.

GOP Vice President Richard Nixon can vote in case of a tie. Therefore, this one vote, which Texas could bestow upon him . . . in a round-about way . . . could determine the balance of power. Most important of all, it could decide which party could organize the Senate and appoint the all-important committee chairmen.

This possibility puts Governor Allan Shivers in the national spotlight again. And Senator Daniel, Texas' conflicting election laws have clouded the issue as to whether Governor Shivers legally can call a special election before January 15.

That's when Daniel takes office as governor. This because Daniel's letter of resignation from the Senate specifies January 15 as the effective date of his resignation.

Shivers contends that inasmuch as Daniel did not resign, effective immediately, there is no vacancy until January 15. Daniel argues that Shivers has the power to call an election. Both point to different provisions of the poorly drawn election code.

Unless Congress is in session, a governor cannot make an appointment to fill a vacancy. Therefore, should Senator Daniel resign effective today, Shivers could not name a successor until January 3, opening day of the new Congress.

Shivers feels that Daniel should resign outright, thus paving the way for an immediate election. The governor is required to call an election within 90 days from the effective date of the resignation, and not before 30 days have elapsed. This means that the governor could call for an election in December—or he could designate a January or February date.

Whatever course Daniel pursues, Shivers undoubtedly will

have a chance to appoint a temporary replacement. First, because Shivers is not likely to call for a December election. Second, if Daniel submits a new resignation before January 3, effective immediately, Shivers automatically can name a successor on January 3. And third, if Daniel sticks to the January 15 date, Shivers will have from 12:01 a. m. on the 15th until Daniel is inaugurated at 12:00 noon, to name a successor.

Governor Shivers has been authorized to designate Texas farmers eligible for reduced railroad rates.

Secretary of Agriculture Ezra Benson asked the governors of seven drought-stricken states to indicate persons qualifying for this aid.

Railroads have offered free return transportation for cattle shipped from dry areas to western grazing lands. Designated persons also can receive a 50 per cent reduction in rates on hay shipped from western states to drought regions.

Improved methods have kept Texas' overall farm income up, despite drought set-backs.

Cash income for January thru September totaled \$1,108,000,000, an increase of \$13,000,000 from last year, reports the University of Texas Bureau of Business Research. Average for the dry years of 1951-55 was six per cent above 1947-49.

Irrigation, conservation and improved crop varieties are credited for the increase. Some areas, the bureau noted, have not had a major crop in five years. Offsetting these are such areas as the Panhandle-South Plains region where "spectacular results" have been achieved with irrigation.

When Governor Shivers becomes Mr. Shivers next January, his family will move from one historic Austin mansion to another.

He has purchased Woodlawn, 103-year-old residence bought by Governor Elisha M. Pease when Pease retired from office. Seller was R. Niles Graham, grandson of Governor Pease.

Known locally as "the Pease mansion," the 17-room antebellum home still contains century old furnishings. Its new owners plan only such remodeling necessary to accommodate their family.

An all-time record for 1956 with a healthy boom carrying over into 1957 is foreseen for the Texas construction industry.

Awards through October totaled \$1,049,179,948. This was only

slightly less than the total for the whole 12 months of 1953, the highest previous year.

October awards of more than \$84,000,000 did not include a Texas Highway Department contract letting. This means the November figure, with two months of road contracts, will likely be large.

State Supreme Court has upheld and clarified a new law for unlimited issuance of bonds by school districts.

Validity of some \$75,000,000 in school bonds was affected by a test case from Hamilton County.

Voting in bond elections is limited by the constitution to property taxpayers. An act for school bond elections passed by the last Legislature further restricted voting to those who had rendered property on the county tax roll.

High court ruling removed this restriction, but upheld constitutionality of the rest of the law.

Short Shorts.—November 29 has been proclaimed as Texas' Thanksgiving Day by Governor Shivers. This is in accordance with legislative action setting the last Thursday in November as the state's official holiday.

Federally November 22 will be observed. . . . Construction of a \$30,000,000 federal dam and reservoir at San Angelo has been approved conditionally by the State Water Board. Law requires recommendation by the governor also before the project can be undertaken by the Department of Interior. . . . U. S. Department of Agriculture has upped its estimate of Texas 1956

**RANGERS GET NEW MOUNTS**—Colonel Homer Garrison, director of the Department of Public Safety, looks over some of the equipment that the Texas Rangers will carry in the new fleet of pursuit cars delivered there in Dallas. The trunk of the new automobiles will carry everything from saddles to sub-machine guns.

cotton crop to 3,600,000 bales, a 140,000-bale increase over last month's prediction. But the new total is still under last year's crop of 4,039,000 bales. . . . Dollar value of Texas farm and ranch land increased one per cent during the past year, compared to a three per cent gain for the nation. Average acre value of Texas rural land was estimated by USDA at \$63.13. National average was set at \$88.65. . . . John B. Nations succeeds Assistant Attorney General John Davenport as president of the Texas Public Employees Association.

## WINTER PASTURES GROW.

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted winter pastures. Too, says E. M. Trew, extension pasture specialist, plantings can still be made but late plantings mean less grazing. He says management of the winter pastures from now on will determine to a large degree the amount of grazing which such pasture will provide. Ask your local county agent for a copy of Bulletin L-258, Winter Temporary Pastures.

Rubber bands at The Herald.

## Soil Payments Will Be Counted in Report For Social Security

"Because of the large number of inquiries which we have been receiving from farm operators checking whether soil bank payments count for social security purposes, the following paragraphs of information along that line are supplied in The Herald for the information of area farm operators," states R. R. Tuley Jr., district manager of the Social Security Administration at Abilene:

All types of soil bank payments are considered a income for social security purposes except part of the conservation reserve reimbursement payments. These are payments made by the federal government to pay part of the cost of carrying out the conservation practices and making improvements on the conservation reserve. Even these payments are included if the expenditures are deductible as business expenses for income tax purposes.

A farm owner who receives rental income, but he takes no part in the actual operation of the farm, cannot count neither the soil bank payments or other rental income for social security purposes. Farm and ranch operators past the age of 65 should make every effort to contact a representative of the Social Security Administration before January 1, 1957, as there are some instances where the filing of a claim before that date can result in a higher benefit amount.

The amount of any monthly benefits under the old age and survivors' insurance provisions of the social security act is based on the

insured individual's average earnings monthly. The minimum payment monthly to the insured individual is \$30 and the maximum is \$108.50 per month.

**Make Own File Handles**  
TWO methods of making handles for files are suggested by Popular Mechanics, the famous do-it-yourself magazine. Illustrated at the top is a handle made

from part of a wooden coat hanger. Drill a hole in one end to receive a file tang; then file the opposite end and edges smooth.

Curve of the coat hanger fits naturally into the hand. You can cut several handles from one hanger. A different type can be made by drilling a small hole through the center of a clothespin. After sawing off the tips of the legs, insert the file tang and tape the two parts together as shown.
